Our Mission

To consistently provide world-class cuisine and experience at an affordable price. To create a dining experience whose uniqueness lies in elegance and refinement, brought alive by care and personalized service in a warm, vibrant environment, that makes everyone feel special.

Curtain Raiser

Having achieved a remarkable milestone of successfully completing 25 years in the life cycle of Speciality Restaurants Limited, it's befitting to reminisce on the journey that has brought us here. We dedicate this humble achievement to the internal team of our dedicated workforce driven with passion and sincerity, our external customers who have stood by us all throughout and to all our stakeholders for their unwavering support in difficult times. From a humble beginning to becoming a leading chain in the Fine dining and Casual dining segment, is in itself an achievement which stands as a testament to our unwavering commitment to excellence and making everyone 'feel special'.

Since our inception in 1999, your company has consistently pushed the boundaries against all adversity and challenges in Food and Beverage industry. What started as a passion to serve good food with a smile, has evolved into a thriving enterprise in India and abroad, known for offering a dine-in experience full of love and warmth. Our single minded focus of not compromising on our core values viz. quality, equality (standardisation), guest satisfaction and innovation has been the cornerstone of our journey, propelling us to new heights and setting benchmarks within the industry.

Over the past 25 years, there have been some notable achievements that have shaped our legacy:

- 2007 – Infusion of capital through private equity
- 2012 – Initial Public Offering
- 2014 – Achieving the magic figure of 100 restaurants and confectionary outlets
- 2018 – Opened our first restaurant in Dubai, UAE – ‘Asia Kitchen by Mainland China’ (franchise outlet)
- 2021 – Opened our first restaurant in London, UK – ‘Chourangi’
- 2023 – Issued warrants convertible into equity shares through Preferential allotment (₹127.23 crores)
- 2024 - Opened our first restaurant in Muscat, Oman – ‘Asia Kitchen by Mainland China’ (franchise outlet)
- 2024 - achieved an all-time-high consolidated total income of ₹425.41 crores.

These achievements underscore our relentless pursuit of excellence and our ability to adapt to the ever-changing landscape of the restaurant industry.

As we celebrate this Silver Jubilee, we are not only reflecting on our past but also setting our sights on the future. Our commitment to provide world-class cuisine and experience will drive us as we continue to innovate and grow. We are excited about the opportunities that lie ahead and are determined to not only maintain, but raise the bar of high standards that we have set for ourselves. The financial year 2023-24 delivered the best financial metrics for us marking twelve consecutive quarters of a profitable growth. We achieved an all-time-high consolidated total income of ₹425.41 crores registering a growth of 6.6% over the previous year, delivering a consolidated EBITDA of ₹91.76 crores and consolidated PAT of ₹30.01 crores. We are pleased to announce that during the year, Asia Kitchen by Mainland China was launched in the Mall of Oman in Muscat, together with opening of some new outlets of the same brand in India.

We express our deepest gratitude to everyone who has been part of our journey. Your trust, support, and belief in Speciality Restaurants have been pivotal to our success. We look forward to pursue our fruitful journey and strengthen our bonding in the years to come and take it to greater heights.

We believe that this is just the beginning of a thrilling phase with many more to come holding a promise for the better!

Chairman & Managing Director's Perspective**Anjanmoy Chatterjee**
Chairman & Managing Director

Dear Shareholders,

It gives me great pleasure to welcome you to the 25th Annual General Meeting which holds a special significance achieving a milestone of 25 years. On this occasion I am happy to present this Annual Report for the financial year 2023-24, reflecting a year of both remarkable challenges and significant accomplishments in the Indian restaurant sector. As we look back, I am proud of our achievements and optimistic about the future while continuing to navigate the evolving dynamic situation in the industry.

India's accelerating Growth Trajectory

With a population of 1.4 billion+ and 100+ languages India is a continent within a nation. It is an acknowledged fact worldwide that India is poised to be the fastest growing economy in the world with a GDP growth of 7% CAGR (US\$ 3.6 trillion), having jumped from being the 8th largest to the 5th largest and likely to touch US\$ 5 trillion by 2027 thus making it the 3rd largest economy in the world. India's demographic dividend, one of the youngest populations in the world, is a driving force of its future economic growth.

The potential of the hospitality/food business in India

The F&B Industry contributes 1.9% to India's GDP and is projected to grow to ₹7.76 trillion by 2028 from ₹5.69 trillion currently. The food service market of India from 43.8% organized in 2024 is expected to reach 52.9% by 2028. More than 8.5 million people in India rely on the F&B sector for their income and is expected to reach 10.3 million by 2028. This makes F&B industry the single-largest employer in the country. In the long run, India holds a strong position as its middle class undergoes rapid transformation and in the next decade, over 50% of Indian households are expected to ascend to upper-middle and higher-income levels. The average times of monthly eating out in India is far below the average number of times in Asia and hence there is a higher potential for growth.

Our Vision and Potential

Our success story is built on our 'passion for food'. We understand the complexity of the Indian market with its diverse culture, taste preferences, consumer profile, probably more and better than anybody else.

Looking forward, we are excited about the opportunities that lie ahead. The Indian restaurant industry is poised for growth, driven by increasing consumer preferences in experiential dining and a thriving eating out culture. Our strategic focus will be on expanding our footprint in key markets, exploring new culinary trends, and continuing to enhance our customer experiences.

We are committed to leveraging our strengths and embracing innovation to achieve our long-term goals. Our dedicated team, loyal customers, and supportive partners will be integral to our success as we chart our course for the future.

A Profitable Growth Trajectory

We have achieved a sustained profitable growth in the FY 2023-24 where your company has achieved a consolidated total income of ₹425.10 crores thereby recording a growth of ₹26.32 crores (6.60%) and profit after tax of ₹30.01 crores, despite a volatile and high-inflationary external environment. This performance has been particularly satisfying, considering the challenges the world faces today.

Strategy of Expansion

This year, we have opened a few of Asia Kitchen by Mainland China restaurant at Trade Centre, BKC; Kohinoor Square, Dadar, Mumbai; Viviana Mall, Thane; Phoenix Mall of Millennium and at Amanora Mall, Pune. We are also happy to announce the launch of the first Asia Kitchen by Mainland China restaurant in the Mall of Oman at Muscat in FY 2023-24 and initial responses are very encouraging.

Another significant development has been the launch of our new brand – 'Walters Burger'. It's a gourmet slider (small burgers) with an innovative concept. Made with a soft bun bread dough and a unique recipe for the patties, the differentiator is the concept – it can be held in one-hand which eliminates the messiness of Burgers leaving one hand free for use. It's an experience that prioritizes both taste and convenience with high-quality ingredients, offering delicious burgers at affordable prices. Walters Burger's innovative concept is set to appeal to the Indian market, particularly fitting into the fast-paced lifestyle of today's working professionals and could bridge the gap of a QSR vertical which could be easily converted into a scalable model later on.

We continue to dominate the market with our leadership status in the Asian cuisine segment. Our USP is the presence of our brands in multiple formats ranging from Fine Dining, Casual Dining, Resto Bar, Cloud kitchens and Confectioneries. We will continue to build on our expertise and also keep innovating with newer formats to cater to the evolving palate of consumers.

We continue to focus on controlling the costs and enhancing our value proposition for our guests. Recognising the convenience and importance of home delivery to customers, our efforts on providing last mile delivery continues as it contributes a significant portion to our total revenues. Given that our versatile brand portfolio enjoys a strong recall and customer loyalty, we hope to further strengthen our brand presence in the minds of customers by continuing to focus on improving the dining experience to all diners.

Navigating a Changing Landscape

The past year has been transformative for the restaurant industry in India. As we emerged from the shadow of a pandemic, we encountered shifting consumer preferences, economic fluctuations, and an increased focus on sustainability. Despite these challenges, your company has demonstrated resilience and adaptability.

We have worked diligently to respond to changing customer taste palate and preferences, upgrading our digital platforms and refining our service models. Having recognised and embraced technology as a key to our growth, including online ordering and delivery systems, it has empowered us to reach out to more customers at home or work place and providing a satisfying and cosy dining experience.

Commitment to Excellence

Our core mission remains unchanged: to create a dining experience whose uniqueness lies in elegance and refinement, brought alive by care and personalized service in a warm, vibrant ambience and making everybody 'feel special'.

We have continued to innovate and refresh our menu's periodically, incorporating local and seasonal ingredients of the best quality, to offer a diverse and appealing selection. Our culinary team's dedication ensures that every dish reflects our commitment to quality and excellence.

Our restaurants have also focused on creating environment where guests feel valued and cared for. This emphasis on exceptional service has been central to maintaining our reputation as a leader in the industry.

Embracing Sustainability and Social Responsibility

Sustainability is a priority for us. This year, we have introduced several eco-friendly practices, including waste reduction, sourcing responsibly, and implementing energy-efficient solutions. Our goal is to contribute positively to the environment while delivering value to our customers and stakeholders.

We are also dedicated to fostering a positive impact in the communities we serve. Through various initiatives, we support local suppliers, engage in charitable activities, and promote fair employment practices.

I extend my sincere gratitude to all our employees, whose hard work and dedication have been the cornerstone of our success. Thanking our patrons, for their continued support and loyalty. And gratitude to our partners, investors and all stake holders for their trust and commitment. I would also like to thank our Board of Directors for their wisdom, guidance and unstinted support.

Together, we will continue to build on our successes and pursue new opportunities, driving growth and delivering exceptional values.

Thank you for being a part of our journey.

Warm Regards,

Anjanmoy Chatterjee

Chairman & Managing Director

Powered by our brands

Every brand of ours has created its own niche. They operate and constitute an important aspect of our strategic roadmap over the next several years and in this pandemic the exponential growth of our delivery business has reinforced our belief in the power of our brands. Our standard SOP's have allowed a smooth run for all the franchisee's and continuing this trend will inch us closer to near and long-term goals and success.

Flagship Brands

After completing 30 years, Mainland China the flagship brand of Speciality Restaurants has undergone a brand refresh with complete makeover, with a revamp of its ambience, décor and menu offerings. The first outlets that has undergone this transformation is at Andheri West (Mumbai) in FY 2022-23; and Powai (Mumbai) and ICC Mall (Pune) in financial year 2023-24. Its offerings have been given a twist by adding in new dishes that are unique and trending in today's food gastronomy, yet retaining the subtle blending of spices, providing the perfect balance of Ying Yang flavours. To its credit it has remained one of the most favoured and popular Chinese fine dining restaurant chain continuing to acquire great reviews, acclaim amongst gourmet for over 30 years across India.

Our Chefs at Mainland China excel at preparing authentic dishes that delight the taste buds. Whether you are craving for the crunchiness of the Sushis, the crispy dim sums, baos or the fish cooked in a light sauce tempered in spices that cool the palate, the light fluffy fried rice, ideal to whet your appetite, the new menu has something for everyone to tempt you to sit back and enjoy a meal that takes you on a culinary journey from Sichuan to Jiangsu, to the bustling streets of Beijing.

One of the prominent highlights of the new Mainland China is its evolved bar that showcases crafted innovative cocktails, a recipe of a perfect companion to food that will uplift your senses and take you on an oriental odyssey.

Transport yourself to the food streets of Asia! Experience the ‘open live kitchen view’, a first of its kind interactive kitchen that showcases the magic created by our Master Chefs braising, blending, tossing, tempering and whipping up signature delicacies inspired from regions of Asia and

beyond. From our Sushi boat to crispy Baos, one can expect a delightful culinary experience that captures the essence of Asian gastronomy, being the go-to destination for Asian food enthusiasts.

It has undergone a complete makeover and opened in Viviana Mall (Thane) and in Amanora Mall (Pune) at a new location in place of Mainland China. Meanwhile, few other outlets Opened at Trade Centre (Bandra Kurla Complex, Mumbai), at Kohinoor Mall (Dadar, Mumbai) and at Pheonix Mall of Millennium (Wakad, Pune).

Riding on the tremendous response, appreciation and popularity of the two Asia Kitchen by Mainland China outlets in Dubai. We are happy to announce that Asia Kitchen by Mainland China restaurant was launched in the Mall of Oman at Muscat, Oman during in Feb-2024 and the initial responses are very encouraging.

Core Brands

Oh! Calcutta
— Unexplored Flavours —

Oh! Calcutta showcases the rich culinary heritage of Calcutta by recreating the lost taste of the 300-year-old recipes of traditional dishes. Our master chefs researched and unearthed those authentic recipes and recreated them for the modern generation. Since then, Oh! Calcutta has been one of the most talked about traditional fine dine restaurants.

With a rare cuisine that celebrates Calcutta's melting pot of cultures, Oh! Calcutta's appeal reaches out to food connoisseurs far beyond Bengali's looking for their home flavours. The restaurant's ambiance reflects the cultural essence of Calcutta with tastefully decorated interiors, warm lighting that transports diners to the bustling streets of the city. Whether its the famous Hilsa fish cooked with mustard sauce or the succulent Kosha Mangsho (slow-cooked mutton) or the aromatic Calcutta style Biryani, each dish is a resurrection of 300-year-old recipes well researched to give a contemporary expression, deftly balancing the traditional flavours with amalgamation of authentic ingredients and spices to appeal to a global audience. Keeping the elegance and creativity of the cuisine at heart, the brand has earned a reputation as a destination where food and culture converge inviting connoisseurs on a culinary journey through the heart of Bengal, constantly pushing the envelope for the newer experiences of traditional flavours.

sigree
GLOBAL GRILL

Sigree Global Grill, offers a unique and immersive culinary experience offering unlimited helpings of a variety of grills and kebabs. It brings to you a varied array of cuisines inspired from the Mediterranean, European, Mexican and Indian regions, enough to tempt the strictest of weight watchers to indulge in a pure ecstasy of flavours. The interactive live grill stations allow guests to customize their dishes and savor the freshly prepared delicacies, making it an unforgettable dining experience.

Power Brands

Hoppipola offers a fun filled experience to the young target audience who constitute the majority of a growing market of young and independent diners.

Hoppipola offers ample Mediterranean and contemporary Indian flavours in the form of finger food, thin crust Pizza's and bar nibbles. Innovative mocktails at the lively Bar also add to the funky menu sprinkled with some innovative games creating a different experience altogether. We have given a refreshed look to our outlet in Acropolis Mall (Kolkata) which is garnering rave reviews.

CAFÉ MEZZUNA

ALL DAY RESTO BAR

Café Mezzuna, explores the world of Mediterranean, Italian, Spanish and French flavours. Completing 10 years as a gastronomic landmark, the brand has taken a leap with the induction of celebrated Chef Saby, as a consultant, on the brand. It is now a culinary extravaganza for diners.

The brand celebrates a journey of flavours that will remind you of the trattorias of Italy, lazy afternoons by the blue Mediterranean, followed with the balsamic aroma of sizzling Seafood delicacies and Artisanal Handmade Ravioli & Risottos. To take the experience a notch higher we have added a new Pizza Oven and one of its kind Turkish Grill to our inventory to provide in a tantalizing touch to our speciality range of Neapolitan Gourmet Sourdough & Romania Pizzas and Turkish Kebabs.

The latest addition to the brand has been the opening of “Mezze9 Studio” that brings you the flavors from hustling lanes of Souqs or Bazaars. The studio captures everything from the marinated olives to the fragrance of freshly ground cumin – a celebration of the street food of the Middle East.

RIYASAT

Royalty Inspired Indian Dining

Riyasat is a story woven through royal celebrations and victories and is inspired from the stately homes of the royal families of the 19th century. The cuisine is inspired from the North-western frontiers that is vibrant, robust and encompasses the healthier culinary techniques and dining experiences to blend in with the changing time and trends.

Sweet Bengal

Heavenly sweets

Created by Bengal's finest master craftsmen, Sweet Bengal's legacy dates back in 1995. Since then, every sweet delicacy created here has brought in a special and unique taste along with the heritage of Calcutta's historic nuances.

It has been a satisfying and soulful journey in making your moments sweet and special. We have now diversified our offerings into introducing Khari delights from Namkeen and a variety of cookies from Sweet Bakes in attractive and ready to eat packaging, both being an extension of the Sweet Bengal family.

Other Brands

GONG has been a very successful innovation and addition to our brand basket offering some outstanding Asian fusion dishes like Asian Crab Ravioli, Asparagus Crisp Rolls or the Chilean Sea Bass in Tamari Soy. It is intriguing with its tantalizing tastes with its completely nouveau recipes!

The interiors are inspired by Japanese style architecture and design with dynamic lighting and intense quiet dining spaces that have soft luxuriant seating arrangements.

EPISODE ONE

Fusing a legacy that has been around for three decades with innovation & all things new, a one-of-a-kind resto-bar serving delectable food from all over the world along with some beautifully crafted tap tails. Episode One is defined by everything it isn't Not snobbish, not stiff, not inaccessible. We talk the language of Gymkhanas or the British Club and we turned it on its head. Where the old school meets contemporary.

The effort is to build a creative community of like-minded individuals from all walks of life including art, music, fashion, films, media, technology and more.

The main attraction is the state-of-the-art bar brewing delicious Taptails (cocktails on tap) all day long! Episode is divided into 4 experiences – each one serving a different purpose and can be enjoyed by everyone alike.

Inspired by the incredible response, appreciation, and popularity of Episode One in Powai, Mumbai, we are excited to unveil our new outlet at Viviana Mall, Thane, Mumbai, coming this September 2024.

Haka offers you exactly what your fast-paced city life and the crunched leisure time permits. True to its name Haka is famous for its haka style south-eastern Chinese cuisine in a mouth-watering array of choices. The décor is simple but stylish just for Gen X.

Tasty Tasty Chinese

Its minimalistic look is complemented by the décor on the walls, reminiscent of contemporary art styles prevalent in China. The service is really fast and the music is foot tapping. Most importantly it's affordable and gives you a value for money feel at the end of a meal. Haka has undergone a stunning transformation at City Center, Kolkata and the response has been exceptionally positive.

Flame & grill

Flame and Grill offers that unique experience that brings the very tandoor to your table sizzling and hot, ready to be sampled with the choice of sauces pre-served on your table.

It's an unlimited fixed price buffet offering an exciting selection of veg and non-veg options which will leave you with satiated.

The attractive décor reflects the spiceland of India with soft lighting and comfortable seating, with a lot of vibrancy and just perfect for a relaxed meal with your loved ones. The recipes are passionately created by our chefs with inspiration from the royal kitchen recipe manuals, coupled with their own innovations on the same.

sigree

The uniqueness of Sigree lies in its menu items which are cooked over slow charcoal fire with a melange of flavours from North Western India using fresh and pure ingredients.

The subtle lighting suited with the ambient decor will definitely transport you to the era of the Nawabs and Sultans, where the sound of the ghungroo, table and the Sarangi will reverberate in unison to glory.

Experience the dining in wild. Be it a break from the mundane routine of everyday life or experiencing an adventure of a lifetime, we give you an opportunity to take a trip to the animal kingdom eventually foraging into a tropical paradise.

Flickering of lights that turn into mimic lighting as you step into the restaurant. Furnished with a thick foliage wall and tree trunks nicely quipped with a green canopy overhead, provides the look and feel of the space. In short providing a JUNGLE SAFARI with a wild dining experience.

DARIOLE

Bakery & Confectionery

It's a chain of Confectionery from the house of Speciality Restaurants, with offerings from our master bakers in the state-of-the art bakery creating little masterpieces with flours and ingredients sourced locally.

Dariole is a cosy and affectionate neighbourhood confectionary and café, where the city's best croissants, buns, puffs, wraps, cakes, cookies, pastries and breads are born every day. In our recent endeavour we have been able to add a few more outlets and as the brand has been accepted due to its newest bakery innovations, we plan to expand this further.

CHOURANGI

Completing a glorious three-year stint in the city of London, Chourangi, continues to rule the hearts of London's discerning food lovers to the unexplored flavours of India, especially inspired by the heritage city of Calcutta.

The décor has also been carefully thought out and designed to capture the diversity of the city over centuries with the iconic 'Indian Coffee House' feel of the Howrah Bridge Wall as the gate way to the city, the iconic Tolly Club and Bengal Club or the Royal Turf Club' settings, louvre walls with a mix of jazz and Bengali light instrumentals in the background to set the mood for discerning diners to soak up the experience.

The food offering is a culinary mix of street food and the heritage cuisine of the Sahib's/Mughals, with subtle influences of the Armenians, Portuguese, French and British. The cuisine features adventurous new ingredients, flavours and cooking methods interwoven with 300 years of colourful history and stories giving the people of London an experiential taste of India.

That's Chourangi's cuisine. Subtle, yet utterly unprecedented and unexplored. Chourangi has been the first venture of SRL through its subsidiary in the city of London as it continues to grow in its popularity.

In the last three years, Chourangi has not only become a household name to the Londoners but very recently has also been awarded. The as one of the best restaurants by the 'Open Table Diner's Choice UK & Ireland'. The brand showcased it's cuisine as the official restaurant partner for two prestigious events in London, Jaipur Literature Festival & The British Film Institute (BFI), Satyajit Ray Film Festival (BFI) and was the official food partner at The London International Indian Film Festival 2023.

BOHOBABA

Bohoba, as the name suggests is inspired by the Bohemian design for those who lead a free-spirited, norm-defying life. So, whether you have come for conversation or to relax by yourself with expertly crafted food and innovative cocktails from around the world, you will find a second home here.

The style is eclectic, a juxtaposition of the old and the new, with aesthetics that is fascinating and avant-garde. The vibe has a creative energy without being too loud. Young at heart, but with a mature touch. Fun but not wild. Irreverent but genial. Unconventional. Authentic. Spirited.

This newest outlet has launched at Infinity Mall, Malad is already creating a flutter.

WALTERS

SLIDERS

New Brand

Walter's menu is meticulously crafted aiming to elevate the fast food experience. Facing a struggle of over a year, one of the primary challenges encountered during conceptualization was refining the bun bread to guarantee it effectively contained the fillings and retained its integrity while being eaten with one hand. Ditch those oversized, messy burgers and embrace a unique twist on gourmet handhelds.

Our menu boasts a lineup of one-handed wonders such as the **Truffle Shroomson Burger** with lettuce, mushroom patty, smoked gouda, shiitake mushrooms, and black gold sauce; the **Spicy Peruvian Potato Burger** bursting with lettuce, aloo tikki patty, cheese slice, Californian sauce, and jalapeno salsa; the **Roast Shawarma Burger**, an exotic mix of purple coleslaw, grilled chicken, parmesan, sesame seeds, gherkin relish, pickled paprika, salli, and garlic toum; the **OG Smashed Lamb Burger**, packing a punch with lettuce, grilled onion, smashed lamb, English cheddar cheese, and California sauce; and the **Walter O Fish Burger**, featuring sriracha tartar sauce, coleslaw, fish fillet, sriracha dust, cheese slice, and English pickle. Craving more? Their sandos are a must-try, with the **Chicken Katsu Sando** bringing together sando sauce, fried chicken, sriracha dust, purple cabbage, goma sauce, and sesame seeds, and the **Shroom Truffle Sando**, a mushroom lover's dream with sando sauce, mushroom patty, shiitake mushrooms, and truffle. Don't forget to pair your meal with sides like **Tuffle fries**, **Crumb fried onion rings**, **Walter chicken popcorn with sriracha dust**, **Crispy fried chicken wings**. Sip on refreshments like **Walter Signature Salted Caramel Shake** and **Lychee carbon lemonade**.

Can't make up your mind? Dive into their **Quad**, offered in both veg and non-veg options and experience the thrill of tasting four different types of burgers in one delicious order!

Notes:

1. The Ministry of Corporate Affairs (“**MCA**”) vide its General Circular Nos. 14/2020 dated April 8, 2020, 17/2020 dated April 13, 2020, 20/2020 dated May 5, 2020 and subsequent circulars issued in this regard, the latest being 09/2023 dated September 25, 2023 (collectively referred to as “**MCA Circulars**”) has permitted the holding of the Annual General Meeting (“**AGM**”) through Video Conferencing (VC) / Other Audio Visual Means (OAVM), without the physical presence of the Members at a common venue. Further, the Securities and Exchange Board of India (“**SEBI**”) vide its circulars dated May 12, 2020 and subsequent circulars issued in this regard, the latest being October 7, 2023 (“**SEBI Circulars**”) has provided certain relaxations from compliance with certain provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (“**Listing Regulations**”).
2. In compliance with the provisions of the Companies Act, 2013 (the “**Companies Act**”), the Listing Regulations, MCA Circulars, SEBI Circulars, Secretarial Standard – II on General Meetings (“**SS-II**”) issued by The Institute of Company Secretaries of India and other applicable laws, if any, the 25th Annual General Meeting (“**Meeting**” or “**AGM**”) of the Company on Friday, September 20, 2024 at 3.30 p.m. (IST) will be held through VC / OAVM, which does not require physical presence of members at a common venue.
3. The proceedings of the AGM shall be deemed to be conducted at the Registered Office of the Company situated at Uniworth House, 3A, Gurusaday Road, Kolkata 700 019.
4. As per the provisions of Clause 3.A.II of the General Circular No. 20/2020 dated May 5, 2020, the matters of Special Business as appearing at Item No. 6, 7, 8 and 9 of the accompanying Notice, are considered to be unavoidable by the Board and hence, form part of this Notice.
5. Pursuant to the provisions of Sections 112 and 113 of the Companies Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a member of the Company. Since this AGM will be held pursuant to the MCA Circulars through VC or OAVM, the requirement of physical attendance of Members has been dispensed with. Accordingly, in terms of the MCA Circulars and the SEBI Circular, the facility for appointment of proxies by the Members will not be available for this AGM and hence the proxy form, attendance slip and route map of AGM are not annexed to this Notice.
6. The Explanatory Statement, pursuant to section 102 of Companies Act, 2013, setting out the material facts in respect of the business under item nos. 6 to 9 to be transacted at the AGM, as set out in this Notice is annexed hereto and forms part of this Notice.
7. Members attending the Meeting through VC or OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act.
8. Institutional or Corporate Shareholders (i.e. other than individuals, HUF, NRI, etc.) are required to send a scanned copy (.pdf or .jpg Format) of its Board or governing body Resolution/Authorization etc., authorizing its representative to attend the AGM through VC or OAVM on its behalf and to vote through e-voting. The said Resolution or Authorization shall be sent to Scrutinizer by e-mail through its registered email address to tchatterjeeassociates@gmail.com with a copy marked to evoting@nsdl.co.in and investor@speciality.co.in, not later than 48 hours before the scheduled time of commencement of AGM. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote at the AGM.
9. The Members can join the AGM in the VC or through OAVM, 30 minutes before and 15 minutes after the scheduled time of the commencement of the AGM by following the procedure mentioned in this Notice. The Members will be able to view the proceedings on National Securities Depository Limited’s (“**NSDL**”) e-voting website at www.evoting.nsdl.com. The facility of participation at the AGM through VC or OAVM will be made available to at least 1,000 Members on a first come first served

basis as per the MCA Circulars. The large shareholders (i.e. shareholders holding 2% or more shareholding), promoters, institutional investors, directors, key managerial personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, auditors, etc. can attend the 25th AGM without any restriction on account of first-come-first-served.

10. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, the Register of Contracts or arrangements in which the Directors are interested under Section 189 of the Companies Act and all other documents referred to in the Notice will be available for inspection in electronic mode. Members can inspect the same by sending an email to investor@speciality.co.in latest by Thursday, September 19, 2024 (upto 4.00 p.m.).
11. Members can also write to the Company on or before Thursday, September 19, 2024 (upto 4.00 p.m.) for obtaining relevant documents through e-mail on investor@speciality.co.in. The same will be suitably replied to by the Company.
12. Members are requested to address all correspondence including dividend matters, to the Company's Registrar and Share Transfer Agent, Link Intime India Private Limited, C 101, 247 Park, L.B.S. Marg, Vikhroli West, Mumbai - 400 083 (the "Registrar" or "Transfer Agent").
13. Members holding shares in dematerialized form are requested to intimate any change in their address or email address or bank mandate to their respective Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form are requested to advise any change in their address or email address or bank mandates to the Registrar of the Company.
14. In compliance with the aforesaid MCA Circulars and SEBI Circulars, Notice of the AGM along with the Annual Report 2023-24 is being sent through electronic mode to those Members whose email addresses are registered with the Company or the Depositories. The Company shall send a physical copy of the Annual Report 2023-24 to those Members who specifically request for the same at investor@speciality.co.in mentioning their DP ID and Client ID. Members may note that the Notice and Annual Report 2023-24 will also be available on the Company's website www.speciality.co.in, websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at www.bseindia.com and www.nseindia.com respectively, and on the website of NSDL at <https://www.evoting.nsdl.com>.
15. Documents for inspection will be available electronically, without any fee, from the date of circulation of this Notice up to the date of the AGM. Members seeking to inspect such documents can send an e-mail to investor@speciality.co.in stating their DP ID and Client ID or Folio No. latest by Thursday, September 19, 2024 (upto 4.00 p.m.).
16. Book Closure and Dividend:

The Register of Members and the Share Transfer Books of the Company will be closed from Saturday, September 14, 2024 to Friday, September 20, 2024 (both days inclusive) for the purpose of AGM and reckoning the entitlement of dividend for the financial year ended March 31, 2024 if declared at the AGM.

The dividend of ₹ 1.00 per equity share of ₹ 10 each, if declared at the AGM, will be paid subject to deduction of tax at source ('TDS') on or after Monday, September 23, 2024 as under:

- (a) For Shares held in electronic mode: To all the Beneficial Owners as at the end of the day on Friday, September 13, 2024, as per the list of beneficial owners to be furnished by the National Securities Depository Limited and Central Depository Services (India) Limited.
- (b) For Shares held in physical form: To all Members whose names appear in the Company's Register of Members, after giving effect to valid transmission and transposition in respect of valid requests lodged with the Company on or before the close of business hours on Friday, September 13, 2024.

For the members who are unable to receive the dividend directly in their bank accounts through Electronic Clearing Service or any other means, due to non-registration of the Electronic Bank Mandate, the Company shall dispatch the dividend warrant/ Bankers' cheque/demand draft to them.

Pursuant to the Finance Act, 2020, dividend income is taxable in the hands of the Shareholders w.e.f. April 1, 2020 and the Company is required to deduct TDS from dividend paid to the Members at prescribed rates in the Income Tax Act, 1961 (the IT Act). In general, to enable compliance with TDS requirements, Members are requested to complete and/ or update their Residential Status, Permanent Account Number (PAN), Category as per the IT Act with their DPs or in case shares are held in physical form, with the Company/ Link Intime India Private Limited by visiting the link: rnt.helpdesk@linkintime.co.in on or before Friday, September 6, 2024 in order to enable the Company to determine and deduct appropriate TDS/ withholding tax rate. No communication/ documents on the tax determination/ deduction shall be considered post 11:59 p.m. (IST) of Friday, September 6, 2024. For the detailed process, please click here: https://speciality.co.in/pdf/pdf_4/Annual-General-Meeting/BSENSELetterDated12082024IntimationofTaxDeduction.pdf and also refer to the email sent to Members in this regard.

A communication providing information and detailed instructions with respect to tax on the dividend for the financial year ended March 31, 2024 is sent separately to the Members of the Company whose e-mail addresses are registered with the Company/DPs.

Further, to receive the dividend on time, Members holding shares in physical form who have not updated their mandate for receiving the dividend directly in their bank accounts through Electronic Clearing Service or any other means are requested to send the following documents to our RTA – Link In Time India Private Limited, latest by Friday, September 6, 2024:

- a) Form No. ISR-1 duly filled and signed by the holders stating their name, folio number, complete address with pin code, and the following details relating to the bank account in which the dividend is to be received. The said form is available on the website of the Company at www.speciality.co.in and on the website of the RTA at <https://linkintime.co.in/downloads.html>.
- b) Cancelled cheque in original, bearing the name of the Member or first holder, in case shares are held jointly. In case name of the holder is not available on the cheque, kindly submit the following documents:
 - i) Cancelled cheque in original
 - ii) Bank attested legible copy of the first page of the Bank Passbook/ Bank Statement bearing the names of the account holders, address, same bank account number and type as on the cheque leaf and full address of the bank branch.
- c) Self-attested photocopy of the PAN Card of all the holders; and
- d) Self-attested photocopy of any document (such as Aadhaar Card, Driving License, Election Identity Card, Passport) in support of the address of the first holder as registered with the Company.

Members holding shares in electronic form may please note that their bank details as furnished by the respective Depositories to the Company will be considered for remittance of dividend as per the applicable regulations of the Depositories and the Company will not entertain any direct request from such Members for change/addition/deletion in such bank details. Accordingly, the Members holding shares in Demat form are requested to update their Electronic Bank Mandate with their respective DPs.

Further, please note that instructions, if any, already given by Members in respect of shares held in physical form, will not be automatically applied to the dividend paid on shares held in electronic form.

17. Updation of PAN and other details:

SEBI vide its Circular dated March 16, 2023, mandated furnishing of PAN, KYC details (i.e. Postal Address with Pin Code, mobile number, bank account details) and Nomination by holders of physical securities through Form ISR-1, Form ISR-2, Form ISR-3, Form SH-13 and Form SH-14 (as applicable). Moreover, shareholders are encouraged to register their e-mail IDs to avail online services. The said forms are available on the Company's website at www.speciality.co.in and on the website of the RTA at <https://linkintime.co.in/downloads.html>.

In order to mitigate unintended challenges on account of freezing of folios and referring frozen folios to the administering authority under the aforesaid Acts, SEBI, vide its Circular dated November 17, 2023, has done away with the provision regarding freezing of folios lacking PAN, KYC, and Nomination details or referring them to the administering authorities.

Further SEBI has mandated that with effect from April 1, 2024, dividend to security holders (holding securities in physical form), shall be paid only through electronic mode. Such payment shall be made only after furnishing the PAN, choice of nomination, contact details including mobile number, bank account details and specimen signature.

In view of the above, we urge Members holding shares in physical form to submit the required forms along with the supporting documents at the earliest. The relevant forms are available on the Company's website at www.speciality.co.in and on the website of the RTA at <https://linkintime.co.in/downloads.html>. Further, relevant FAQs published by SEBI on its website can be viewed at the following link: https://www.sebi.gov.in/sebi_data/faqfiles/jan-2024/1704433843359.pdf

The Company has sent individual letters to the Members holding shares of the Company in physical form for furnishing their PAN, KYC details and Nomination.

18. SEBI vide its Circulars dated July 31, 2023, and August 4, 2023, read with Master Circular dated July 31, 2023 (updated as on August 11, 2023), has established a common Online Dispute Resolution Portal ("ODR Portal") for resolution of disputes arising in the Indian Securities Market.

Pursuant to above-mentioned circulars, post exhausting the option to resolve their grievances with the RTA/ Company directly and through existing SCORES platform, the investors can initiate dispute resolution through the ODR Portal (<https://smartodr.in/login>).

19. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any Member as soon as possible. Members are also advised to not leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned DP and holdings should be verified from time to time.

20. Voting through electronic means:

In compliance with Section 108 of the Companies Act, read with Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended from time to time and Regulation 44 of the Listing Regulations, the Company is pleased to provide its Members facility of remote e-voting (to cast their vote electronically from a place other than the venue of the AGM) through e-voting services provided by National Securities Depositories Limited (NSDL) on all resolutions specified in this Notice.

The Remote e-voting commences on Tuesday, September 17, 2024 (from 09:00 a.m. Indian Standard Time, "IST") and ends on Thursday, September 19, 2024 (at 5.00 p.m. IST). 17. Dr. Anita Bandyopadhyay shall be paid remuneration by way of fee for attending meetings of the Board or Committees thereof or for any other purpose whatsoever as may be decided by the Board, reimbursement of expenses for participating in the Board and other meetings and profit related commission as may be approved by the Members.
18. The matter regarding the re-appointment of Dr. Anita Bandyopadhyay as an Independent Director was placed before the Board, based on the recommendation of the Nomination and Remuneration Committee, which commends her re-appointment as an Independent Director of the Company.
19. The terms and conditions of the re-appointment and copy of draft letter of re-appointment of Dr. Anita Bandyopadhyay shall be open for inspection without any fee by the Members at the Registered Office of the Company during normal business hours on any working day of the Company up to the date of the AGM.
20. In the opinion of the Board, Dr. Anita Bandyopadhyay fulfils the conditions specified in the Companies Act and the rules made thereunder for re-appointment as an Independent Director and is independent of the management of the Company.
21. Background and brief profile of Dr. Anita Bandyopadhyay:
 Dr. Anita Bandyopadhyay is the Founder Director of KafeHR, a boutique strategic HR Consultancy Firm. With a career spanning over three decades, She has developed profound expertise in Leadership Development, Talent Management, Performance Management, and HR Processes.
 Her way of looking at HR from a business perspective truly sets her apart from others. With her keen ability to understand business dynamics, she is able to provide strategic advice that is practical and implementable, which helps the organisation overcome obstacles and stimulate growth, thus taking the organisation further. She has a Doctorate in Applied Psychology from Kolkata University and an Executive MBA from SP Jain Institute of Management & Research, Mumbai.
 She is also a Certified Leadership Facilitator and Coach. Anita is currently on the Board of Ami Organics Limited, Shilpa Medicare Limited and Vashi Integrated Solutions Limited as an Independent Director.
22. Accordingly, it is recommended to the Members of the Company to re-appoint Dr. Anita Bandyopadhyay as an Independent Director of the Company, not liable to retire by rotation, for a second term of five (5) consecutive years commencing from February 3, 2025 up to February 2, 2030 (both days inclusive) on the Board of the Company.
23. Save and except Dr. Anita Bandyopadhyay and her relatives to the extent of their shareholding interest, if any, in the Company, none of the Directors or Key Managerial Personnel of the Company or their relatives are, in any way, concerned or interested financially or otherwise in the Resolution set out under Item No. 6 of the Notice.
24. The Board recommends the Resolution set out under Item No. 6 of the accompanying Notice for approval of Members as a Special Resolution.

Item no. 7- Payment of remuneration to Non-Executive Directors

25. In view of Sections 149, 197, 198 and other relevant provisions of the Companies Act, and taking into consideration the roles and responsibilities of the Non-Executive Directors, it is proposed that the Non-Executive Directors be paid for each of the five financial years commencing from April 1, 2024 and extending upto and including the financial year of the Company ending on March 31, 2029 remuneration not exceeding one percent per annum of the net profits of the Company computed in accordance with the provisions of the Companies Act. This remuneration will be distributed amongst all the Non-Executive Directors of the Company in accordance with the directions given by the Board, subject to the provisions of the Companies Act. This remuneration shall be in addition to the fee payable to the Non-Executive Directors for attending the meetings of the Board or its Committees or general meetings or for any other purpose whatsoever as may be decided by the Board and reimbursement of such expenses.
26. Regulation 17(6) of the Listing Regulations authorises the Board of Directors to recommend all fees and compensation, if any, paid to Non-Executive Directors, including Independent Directors and the same would require approval of members in general meeting.
27. Accordingly approval of the members is sought by way of a Special Resolution under the applicable provisions of the Companies Act for payment of remuneration to the Non-Executive Directors of the Company for a period of five financial years commencing from April 1, 2024 and extending upto and including the financial year of the Company ending on March 31, 2029.

28. Subject to the approval of the Central Government if required, under Section 197 and Schedule V of the Companies Act and in accordance with the Nomination and Remuneration Policy of the Company, in case of inadequacy of profits or no profits, the Company shall pay remuneration to the Non-Executive Directors of the Company at such amount as may be decided by the Board within the prescribed limits under Schedule V of the Companies Act.
29. All the Non-Executive Directors and their relatives of the Company may be deemed to be concerned or interested in the Resolution set out at Item No. 7 of the Notice to the extent of the remuneration that may be received by them. None of the other directors or key managerial personnel or their relatives are in any way concerned or interested financially or otherwise in this resolution.
30. The Board recommends the resolution as set out at Item No. 7 for approval of the Members to be passed as a Special Resolution.

MANAGEMENT DISCUSSION AND ANALYSIS

International Monetary Fund (World Economic Outlook April 2024), expect global economic recovery to be steady but slow and will differ from region to region at 3.2% during 2024 and 2025. The year saw rise in geopolitical uncertainty, conflicts and economic challenges. The global inflation with advanced economies returning to their inflation targets sooner than emerging markets and developing economies, will prompt central banks to manage their monetary policy to achieve price stability, which will further impact economic activities.

The India's GDP expanded at 8.2% in FY 2023-24 compared to 7% in FY 2022-23, despite strong global headwinds and tighter domestic monetary policy to manage inflationary pressures, reflecting strong fundamentals of the Indian economy and emerging as the fastest growing major economy. For the year 2024-25, the IMF upgraded its forecast of India's GDP to 7%. The development has come in the backdrop of notable rise in consumption prospects, especially in rural areas. India has ranked 5th in the list of countries with higher GDP. With this, India continues to maintain its position as the fastest-growing economy among emerging markets and developing economies and is expected to be one of the top three economic powers over the next decade.

In conclusion, India's upgraded GDP forecast reflects a promising economic outlook driven by improved consumption prospects, robust domestic demand, and growing job creation. The country's progress in enhancing social security measures, boosting employment opportunities, and advancing towards Sustainable Development Goals signifies a path towards a more stable and prosperous society. With increased individual wealth creation potential, reinforced by strong corporate profits and favorable economic conditions, careful policy calibration and inclusive growth strategies are essential to ensure equitable distribution of benefits and navigate potential risks for sustained economic development.

Your Company's performance for the financial year 2023-24 needs to be analyzed in the context of the aforesaid economic and operating environment.

Food and Beverages Service Industry Overview

The Food and Beverages industry is one of the largest and fastest growing industries in India. It contributes to employment generation, skill development, growth in the allied industries and entrepreneurship to create experiences.

As of FY24, the industry is valued at ₹ 5,69,487 crores and is projected to reach ₹ 7,76,511 crores by FY28, with an overall CAGR of 8.1%. The organized segment is expected to grow ever faster, with a CAGR of 13.2% during FY24-28.

In FY24, the organized segment accounted for 43.8% of the market, estimated at ₹ 2,49,694 crores and unorganized segment accounted for 56.2% of the market.

Among the organized sector, Casual Dining Restaurants (CDRs) accounts for 48.7% of the market share; followed by Quick Service Restaurants (QSRs) which accounts for 27.1% of the market; Pubs, Bars and Lounges (PBL) account for 8.7% of the market share, Café 8.5% of the market; Desserts, Ice-cream and Bakeries account for 3.3% of the market; Fine Dining Restaurants at 2.0% of the and Cloud Kitchen accounts for 1.7% of the market.

The food and beverage industry displayed remarkable resilience during the financial year 2023-24. The industry growth is being driven by favourable demographics, increasing employment, higher disposable incomes of a young middle class, robust domestic demand, increased investments and improving infrastructure and connectivity. Industry Trends

Dine-in

Dine-in is back with unique experiences. It has anticipated the guest expectations and met with consistency in food quality, wide varieties, innovative presentation, unique food concepts coupled with exceptional service. It has emerged as a prominent avenue for relaxing and spending quality time with the family or with friends.

Eating Out

Eating out on weekdays is the 'new normal'. The behaviour and spending patterns of the Indian consumers have continued to evolve with changing economic, social and demographic landscape. The growth in the food and beverages market is based on the increased propensity of eating out, availability of new cuisines, along with the home delivery of food and take- aways. India has the youngest population in the world and the food and beverages industry is benefitting from it with a young, dynamic and diverse globally exposed food-loving consumer with a high disposable income. The growing participation of women in the workforce and double-income nuclear families, preference for eating out or ready- to-eat meals have created new opportunities in the industry. Consumers have now embraced the mid-week break as against weekend holidays.

Focus on consumer engagement using technology

The tech-savvy consumers are engaged by the restaurant industry with the help of technology. Consumption of social media content has helped the consumer on real time basis to express their views and opinions, compare and evaluate choices and share feedback. The technology has helped consumers to make table reservations, ordering food either online or through a

phone call and use smart phone for payment through wallets / UPI. Online food aggregators and logistics service providers has developed various applications, which continue to add a whole new dimension to food service business.

Food Discovery/Restaurant Search: Restaurants are looking to stay relevant in the ever-evolving social media landscape. Customers turn to social media platforms to find new restaurants with third party reviews, opinions and vital information to its users with food discovery or restaurant search and ordering of food at just a few clicks away.

Table Reservation: Online table reservation facility allows a customer to book directly one's table at the designated time and place at the restaurant even when the restaurant is non-operational. Fine dine restaurants offer table reservation service to their guests as well as instant confirmation to manage reservations more efficiently.

Online ordering: Customers prefer to use food delivery app to order food from favorite restaurant to save time on travelling and enjoy their food while at work or at leisure.

Open Network for Digital Commerce (ONDC) platform

Open Network for Digital Commerce (ONDC) is an initiative by DPIIT aiming at promoting open networks for all aspects of exchange of goods and services over digital or electronic networks. On the ONDC, the consumers and merchants can transact goods and services independent of platform or application. The lower commission on ONDC makes orders through ONDC a better proposition for restaurants and ultimately cheaper for consumers, National Restaurant Association of India (NRAI) advised its members that access to data, discounting strategies and choice of delivery fleet will be their own decision on the ONDC platform.

Digital kitchen 'boards'

A digital menu board amplifies restaurant menu, projecting it on a screen in a clear and organized way. This makes it easier to read and, as a result, easier for customers to order from. A digital board display digital content, such as images, videos, and presentations.

A kitchen display system is directly linked to the restaurant's point-of-sale (POS) system and starts to work immediately when an order is placed. The screen displays orders automatically based on priority and flags any special dietary requests. It also tracks meal delivery times and monitors inventory to signal when an item is out of stock. Digital kitchen displays promise a sustainable kitchen operation by ensuring better communication, clearer workflows, and accuracy.

Cloud-based POS systems

A cloud-based POS also referred to as a Software-as-a-Service (SaaS) platform or web-based POS, is a web-hosted point of sale solution that stores data on remote servers.

QR codes

The QR code menu allow customer to navigate restaurant digital menu easily, place his order smoothly, and pay by scanning the QR code. restaurants to deliver excellent It allows restaurant to focus on customer service and streamline operations thereby increase efficiency, reduce costs, and enhance the overall dining experience for the customers.

Digital Inventory Management

Electronic or digital inventory management systems allow restaurant to track stock levels at real time and order new supplies at the best possible moment, while also identifying relevant trends, such as times when demand increases, and times when demand falls.

Market Segments

The Indian market segment of the organized food service industry is led by Quick Service Restaurants followed by Casual Dine-in formats followed by Cafe chains, Frozen Desserts, Ice-creams and then followed by Fine dining. The rest of the market is shared by Pubs, Bars, Clubs and Lounges. QSR and Casual Dine-in are popular with working professionals while Fine dining is family get together.

Evolving Customer Preferences

Young Indians, who are willing to experiment different cuisines and beverages which drives the Food and beverages industry. Food and beverage industry continuously monitor such preferences and accordingly offer innovative products.

Experimenting with Cuisines

Regional as well as international cuisines are preferred by the consumers. The taste bud of the cosmopolitan culture of metro cities of India has been catered by variety of cuisines from across the world over and above the Indian and regional cuisines.

Retail formats

Retail formats such as restaurants and Food courts in malls, airport lounge, and amusement parks are driving consumers towards food. In shopping Malls fine dining / casual dining restaurants in a controlled atmosphere lends variety to the food retail space with paid parking facility, which is a very essential factor to any retailing establishment's success. Mall developers consider fine-dining restaurants very important to their overall tenant/product mix as they help them to attain a degree of exclusiveness and give customers a more holistic experience. Malls are one of the most popular retail formats, as it gives a holistic experience to the buyer and satisfies his various shopping and entertainment needs under one roof – a choice ranging from costumes, accessories, salons and pas to cinemas, gaming zones, super markets and of course dedicated food courts. It's a destination for a full day engagement.

Dine-in v/s Take-away/Deliveries

Restaurants are providing option to consumers for ordering food at home/office. The share of deliveries and takeaways for the Company continues to be encouraging. The Company has tie-ups with online food aggregators to capitalize on the delivery segment.

Cloud Kitchen

Cloud kitchens enable restauranters to expand an existing restaurant or start a virtual brand at minimal cost for the purpose of preparing food for delivery or takeaways only, with no dine-in facility for customers. Cloud kitchen can be setup with a very low capital expenditure as compared to a Restaurant or Cafe and helps in increasing the delivery revenues of the restaurant chain with cost benefits.

For a QSR brand it act as a Commissary base kitchen delivering raw materials, sauces, all basic ingredients and food in portions to multiple restaurants of a chain. It helps the industry to reduce the high rental cost, rationalization of labour cost and faster turnaround over and above standardization of quality.

Kitchen within Kitchen

Kitchen within Kitchen is a virtual kitchen within existing restaurant kitchen of a restaurant serving multiple cuisines under various brands. It is dedicated to meet the requirements of take-aways, online delivery services, facilitated by the third party delivery apps. It is easy to setup multiple brands using the existing infrastructure with a very low capital expenditure as compared to a Cloud Kitchen and helps in the operation of a chain of restaurants with sweating of assets and optimum utilization at the existing restaurant.

Global impact

There's rising demand for Indian cuisines for the unique and bold flavors that it brings to the table. The temptation of Indian cuisine lies in its intricate use of spices, creating flavors. Indian cuisine's impact is reshaping the narrative of the culinary world with diverse flavors and innovative techniques. The demand for Indian cuisine as its popularity caters to the diaspora and popular Indian restaurant chains are leveraging that with financial and management bandwidth and harnessing this opportunity.

Other Income	195.5	237.4	(41.9)	(17.7%)
Total	4,126.5	3,987.1	139.3	3.5%

Impact of revenge eating witnessed in FY 2022-23 normalised during the reporting year of FY 23-24. Thus the company could maintain the operational revenue which marginally increased by 4.8%.

Other income includes interest received from Banks/Others, Dividend on Mutual Fund Investments, Profit on Sale of Current Investments and Fixed Assets (Net), Foreign Exchange Gains (Net) and Miscellaneous Income.

b) Cost of Material Consumed (₹ In Millions)

	2023-24	2022-23	Change (₹)	Change (%)
Cost of Material Consumed	1,181.4	1,112.6	68.8	6.2%
Gross Profit (Revenue from operations less cost of material consumed)	2,749.5	2,637.1	112.4	4.3%
Gross Margin (%)	69.9%	70.3%	-	(0.4)

Cost of material consumed increased by 6.2% from the previous year due to corresponding increase in Revenues during this financial year.

The Company has been able to improve its Gross Margin (%) during the year as compared to previous year despite inflationary trends by better negotiations with suppliers and obtaining cash discounts.

c) Employee Benefit Expenses (₹ In Millions)

	2023-24	2022-23	Change (₹)	Change (%)
Employee Benefit Expenses	869.3	731.9	137.5	18.8%
(%) of Revenue from operations	22.1%	19.5%	-	2.6%

Employee Benefit Expense comprises of salary, bonus, allowances, staff welfare expense and Company's contribution to Provident Fund, ESIC and Gratuity.

It increased to 22.1% from 19.5% of Revenue from operations due to normal staff increments, promotions and variable PLI (Performance linked Incentive for staff).

d) Finance Costs (₹ In Millions)

	2023-24	2022-23	Change (₹)	Change (%)
Finance Costs	146.0	139.1	6.9	5.0%

There was no debt in the Company during the financial year. The interest under finance cost is due to computation of interest on lease liability on Right of Use Asset as per IND-AS 116 during the financial year.

e) Depreciation and Amortisation expense (₹ In Millions)

	2023-24	2022-23	Change (₹)	Change (%)
Depreciation of property, plant and equipment	114.9	96.5	18.5	19.1%
Amortization of intangible assets	4.6	5.2	(0.6)	(11.9%)
Depreciation of Right-of-use assets	290.8	215.5	75.3	34.9%
Depreciation and Amortisation expense:	410.3	317.2	93.1	29.3%

The charge for depreciation on Property, Plant & Equipment increased on account of capital expenditure of new outlets and renovation of outlets.

Similarly, depreciation of right-of use assets is increased due to new outlets and lease renewals as per IND AS 116.

f) Other Expenses

(₹ In Millions)

	2023-24	2022-23	Change (₹)	Change (%)
Other Expenses	1,181.4	1,112.6	68.8	6.2%
(%) of Revenue from operations	30.1%	29.7%	-	(0.4%)

Other expenses includes rent, power & fuel, rates, taxes & license fee, insurance, operating supplies, advertising and marketing expenses, repairs and maintenance and other miscellaneous expenses. The Company could control the spends on all such expenses despite inflationary pressures, thus resulting into a normal increase of 0.4% of the revenue from operations.

g) Profitability

(₹ In Millions)

- With Ind AS 116 Impact

	2023-24	2022-23	Change (₹)	Change (%)
Profit Before Tax (PBT)	315.6	622.3	-	(49.3%)
(%) of Revenue from operations	8.0%	16.6%	-	(8.6%)
Profit After Tax (Net Profit)	266.51	955.78	(689.27)	(72.1%)
(%) of Revenue from operations	6.8%	25.5%	-	(18.7%)

- Excluding Ind AS 116 Impact

	2023-24	2022-23	Change (₹)	Change (%)
Adjusted Profit Before Tax (PBT)	275.9	520.0	(244.1)	(47.0%)
(%) of Revenue from operations	7.0%	13.9%	-	(6.9%)
Adjusted Profit After Tax (Net Profit)	226.8	853.5	(626.7)	(73.4%)
(%) of Revenue from operations	5.8%	22.8%	-	(17%)

Major reasons contributing to reduction in PBT and PAT margins are :

- The new restaurants opened during the year are taking longer than forecasted to breakeven resulting into an impact on the profitability.
- Additionally, the renovation of restaurants carried out during the year had their fixed costs being incurred during the period of renovation.
- General inflationary pressure on all other expenses.

B Financial Position as at March 31, 2024
a) Equity

2.4 Separate Meeting of Independent Directors

The separate Meeting of Independent Director's under the Act and Regulation 25(3) of the Listing Regulations was held on March 16, 2024. This meeting was conducted without the presence of Non-Independent Directors and members of the management in compliance with Regulation 25 (3) of the Listing Regulations and Schedule IV of the Companies Act to review (i) the performance of Non-Independent Directors and the Board of Directors as a whole; (ii) the performance of the Chairman of the Company by taking into consideration the views of Executive Directors and Non-Executive Directors. The Independent Directors also assessed the quality, quantity, and timeliness of flow of information between the Management and the Board of Directors and it's Committees which is necessary to effectively and reasonably perform their duties. The Meeting was attended by all the Independent Directors as on that date.

2.5 Evaluation of Board's Performance

Pursuant to the provisions of the Act and Regulations 17 and 25 of the Listing Regulations, the Board had carried out an evaluation of the Directors as well as the evaluation of the Board and its Committees.

The Board evaluated its performance after seeking inputs from all the Directors based on criteria such as the Board composition and structure, effectiveness of board processes, information and functioning, etc. The performance of the Committees was evaluated by the Board after seeking inputs from the Committee members based on criteria such as the composition of committees, effectiveness of committee meetings, etc. The above criteria are broadly based on the Guidance Note on Board Evaluation issued by the Securities and Exchange Board of India on January 5, 2017 and the Company's policy for evaluation of performance of the director's, board and committees of the board.

The Performance evaluation of the Independent Directors was carried out by the entire Board, excluding the Independent director being evaluated. The performance evaluation of the Executive Directors was carried by the Independent Directors. The performance evaluation of the Chairman was carried out by the Independent Directors, who also reviewed the performance of the Board as a whole.

In a separate meeting of Independent Directors, the performance of Non-Independent Directors and the Board as a whole, and the Chairman of the Company was evaluated taking into account the views of Executive Directors and Non-Executive Directors.

The Nomination and Remuneration Committee (NRC) also reviewed the performance of the Board, its Committees and of the Directors. The Chairman of the NRC provided feedback to the Board as well as Directors on an individual basis, as appropriate.

The above evaluations were then discussed at the Board meeting. The Board, Board Committees and the Independent Directors discussed the feedback of evaluation and various suggestions received in the evaluation process in FY 2023-24 and agreed on an action plan. The Directors were satisfied with the evaluation results, which reflected the overall engagement of the Board and its Committees.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Energy management	Risk and opportunity	<p>Risk: The Company's business operations rely on several energy-consuming activities, such as refrigeration, air conditioners, lighting, LPG, etc. Higher energy consumption will impact profitability and also lead to an increased carbon footprint.</p> <p>Opportunity: Implementing energy-efficient practices across the restaurants will help the company reduce electricity consumption and resultant carbon emissions.</p>	<p>The Company recognizes that energy management is an important lever in conducting operations in an efficient and responsible manner. The company has installed LED lighting in all its restaurants and confectionaries. It also focuses on purchasing energy-efficient equipment, resulting in a lower carbon footprint.</p>	Positive and Negative
2	Waste management	Risk	<p>Risk: Poor waste management practices can result in hygiene and sanitation issues, heightening food safety concerns. It can pose health risks to anyone who consumes such products while also negatively impacting the environment.</p>	<p>The Company places paramount importance on food safety and the management of process wastes and end-of-life product wastes. The Company follows strict protocol towards proper disposal of all used cooking oil through authorized vendors recognized by the Central Pollution Control Board (CPCB). The Company ensures that all confectioneries are removed from the shelves well before their expiry dates and sent back to the facility for safe disposal through processes such as crushing and grinding.</p>	Negative

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
3	Supply chain management	Risk and opportunity	<p>Risk: The procurement of ingredients, packaging materials, and other supplies in the restaurant supply chain can have significant environmental footprints. Risks include water pollution, greenhouse gas (GHG) emissions, and depletion of natural resources.</p> <p>Opportunity: Collaborating with suppliers, distributors, and others in the supply chain helps a Company build strong relationships and create pathways to be more sustainable. Partnering with organizations which have a shared vision and participating in industry initiatives can drive sustainability efforts and enhance overall supply chain performance.</p>	The Company prioritizes locally sourced ingredients to reduce the environmental impact associated with transportation. It also regularly conducts supply chain checks, including verifying vendor certifications, to ensure product quality and ethical sourcing related to animal welfare and fair trade. The Company also ensures robust inventory management and trains its staff about supply chain risks and adherence to procedures. It encourages all employees to report any irregularities in supplies and address them promptly.	Positive and Negative
4	Employee Health and Safety	Risk and opportunity	<p>Risk: Occupational health and safety practices in the restaurant industry, if not managed properly, can expose employees to risks such as physical, ergonomic, and fire safety.</p> <p>Opportunity: Promoting workplace safety by prioritizing standard operating procedures, conducting regular training, and providing adequate safety equipment will not only safeguard the workforce but also contribute to employee productivity.</p>	The Company ensures strict adherence to workplace safety standards across its outlets. To avoid slipping accidents, the Company has created SOPs for cleaning and maintenance activities. The kitchen towels, sponges, and cleaning cloths are replaced regularly to ensure safety and hygiene. The Company provides training on safe handling of knives, hot surfaces, etc., and provides the staff with gloves, aprons, goggles, etc., to keep them safe. Further, staff members are trained in safety practices such as fire safety and first aid. As a safety measure, the Company conducts regular internal checks on all electrical equipment.	Positive and Negative

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
5	Diversity & Inclusion	Opportunity	Opportunity: Promoting diversity and inclusion helps the Company foster a rich and diverse workforce. Moreover, hiring differently-abled employees, including those who are deaf and hard of hearing, offers access to an untapped talent pool. This nurtures equal employment opportunities in a true sense and helps in providing them with dignified lives. These inclusive and socially responsible practices also create a vibrant restaurant atmosphere and drive positive brand impact.		Positive
6	Water Management	Risk	Risk: Restaurants typically have high water usage due to the need for dishwashing, food preparation, cleaning, and maintaining facilities. Excessive water consumption can put a strain on local water resources and increase operational costs.	The Company ensures the kitchen and wash area taps are maintained well to avoid water wastage. The water faucets & taps are regularly checked to identify malfunctions and fix leaks promptly. The staff is guided to use water responsibly in operational activities.	Negative
7	Product (Food) Quality & Safety	Risk and opportunity	Risk: If the food quality in restaurants or outlets is not managed properly, it can lead to severe health consequences for the customers. Contamination of food can occur due to various factors such as improper handling, inadequate storage, improper cooking temperatures, cross-contamination, or the use of poor ingredients. Opportunity: Maintaining good food quality and safety is essential for the business. By following the best standards in food quality, the company can build a strong customer base and increase its business prospects.	The Company accords the highest priority to food quality and safety. The food at all outlets adheres to the Food Safety and Standards Authority of India (FSSAI) requirements. The Company regularly reviews and updates food storage and handling practices. It ensures that the food-handling employees maintain strict personal hygiene practices. Further, the Company follows strict cleaning and sanitization schedules for all kitchen equipment, utensils, and surfaces to avoid any contamination.	Positive and Negative

	FY 2023-24	FY 2022-23	Details of improvements in environmental and social impacts
R&D	-	-	-
Capex	15%	55%	The Company invests in state-of-the-art equipment for new capital investments and the replacement of existing end-of-life infrastructure to create safe working conditions for employees and reduce the impact on the environment. The key areas of capex investment include efficient cooking, heating, cooling, and ventilation systems.

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

The Company prioritizes environmental responsibility and quality in its sourcing strategies by partnering with certified vendors engaged in sustainable practices. It proactively onboards vendors who demonstrate a strong commitment to responsible sourcing, ensuring that their supply chain contributes positively to environmental sustainability. Majority of the raw materials, including vegetables, meat, and eggs, are sourced locally. This not only helps in reducing the overall carbon footprint but also supports local economies and ensures that the food quality meets high standards. Furthermore, local sourcing allows to maintain freshness and minimize transportation times.

b. If yes, what percentage of inputs were sourced sustainably?

100%

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

Given that products are food dishes, direct product reclamation is not applicable. However, the Company handles waste management in a responsible manner. Each of the facilities segregate wet and dry waste and disposed it off of through authorized third-party service providers. This approach not only helps in maintaining cleanliness and safety at all facilities but also contributes to responsible management and disposal practices.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity’s activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

The Company delivers its food in reusable containers and uses paper bags for packaging, avoiding single-use plastics. Therefore, EPR is not applicable to the Company.

The Members of
Speciality Restaurants Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Speciality Restaurants Limited (the "Company"), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and notes to the standalone financial statements including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 as amended (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit and other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) as specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements for the year March 31, 2024. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

Key audit matters	How our audit addressed the Key audit matter
Revenue recognition - Refer Note 25 to the standalone financial statements	
<p>The Company recognizes revenue when the control of goods being sold is transferred to the customer.</p> <p>The Company's revenue relates to restaurant and confectionary sales and services to customers.</p> <p>Due to high level of transaction across various units, situated across India, there exists a risk of misstatement of the timing and amount of revenue recognized to achieve specific performance targets or expectations.</p> <p>The Company also has franchisee arrangements and revenue share arrangements for royalty/ fee based on sales.</p> <p>The Company and its external stakeholders focus on revenue as a key performance indicator, which could lead to recognition of revenue without meeting the revenue recognition criterion.</p> <p>In view of the above we have identified revenue recognition as a key audit matter.</p>	<p>We have carried out following audit procedure:</p> <ul style="list-style-type: none"> Assessed the appropriateness of the accounting policy for revenue recognition as per the relevant accounting standards. Evaluated the design and implementation of key internal financial controls and their operating effectiveness with respect to revenue recognition transactions selected on a sample basis. Performed substantive testing of sales by selecting samples of sales made at certain restaurants using statistical sampling and tested the underlying documentation including kitchen order tickets (KoT). Reviewed the reconciliation of revenue recorded for the year with collections through cash, credit card and aggregators, as applicable to confirm that revenue recorded is supported by collections. Perused selected samples of key contracts with aggregators and franchisees to understand the terms and conditions particularly relating to revenue share, royalty & fee payments. Evaluated whether the disclosures included in the notes to the standalone Ind AS financial statements are in conformity with the applicable standard.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management and Board of Director's Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management and Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Government in terms of sub section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid standalone financial statements.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The balance sheet, the statement of profit and loss (including Other Comprehensive Income), the cash flows statement and statement of changes in equity dealt with by this report are in agreement with the books of account.
 - d. In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian accounting standards) Rules, 2015, as amended;
 - e. On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.
 - f. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - g. With respect to the other matters to be included in the Auditor's report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid / provided by the Company to its director's during year is in accordance with the provisions of Section 197 of the Act.
 - h. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at March 31, 2024 on its financial position in its financial statements – Refer Note 41 to the standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring the amounts required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries (Refer Note 43 (j) to standalone financial statements).
 - (b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Party or provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries (Refer Note 43 (j) to standalone financial statements).

- (c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) and (b) above, contain any material mis-statement.
- v. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.

As stated in note 45 to the standalone financial statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

- vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Annexure "B" to the Independent Auditor's Report

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the Internal Financial Controls Over Financial Reporting of Speciality Restaurants Limited (the "Company") as at March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls Over Financial Reporting

The Company's management and the Board of Directors is responsible for establishing and maintaining Internal Financial Controls based on the Internal Financial Controls Over Financial Reporting with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's Internal Financial Controls Over Financial Reporting with reference to standalone financial statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls Over Financial Reporting with reference to standalone financial statements

A company's Internal Financial Controls Over Financial Reporting with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting Over Financial Reporting

Because of the inherent limitations of Internal Financial Controls Over Financial Reporting with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate Internal Financial Controls Over Financial Reporting with reference to standalone financial statements and such Internal Financial Controls Over Financial Reporting were operating effectively as at March 31, 2024, based on the internal standalone financial controls over financial reporting with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

NOTES TO THE FINANCIAL STATEMENTS

1 General Information

Speciality Restaurants Limited (“The Company”) is a public limited Company incorporated in India. The Company was incorporated on 01 December 1999. The Company is primarily engaged in the business of operating casual dining restaurants outlets and confectionary outlets. The registered office of the Company is situated at “Uniworth House’, 3A Gurusaday Road, Kolkata, West Bengal, India, 700019”.

The financial statements were approved for issue in accordance with a resolution of the board of directors on 14 May 2024.

2 Material Accounting Policy Information

2.01 Basis of Preparation of Financial Statements

(a) Statement of Compliance with Ind AS

The Financial statements of the Company as at and for the year ended March 31, 2023 have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the “Ind AS”) as notified by the Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016, as amended.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The financial statements provide comparative information in respect of the previous period.

The financial statements are presented in Indian Rupee (INR) and all values are rounded to the nearest millions (INR 000,000), except when otherwise indicated.

(b) Basis of measurement

The financial statements have been prepared on a historical cost convention on accrual basis, except for certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments) that have been measured at fair value or revalued as required by relevant Ind AS at the end of each financial reporting period, as stated in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given on the date of the transaction, in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

(c) Classification between Current and Non-current

All assets and liabilities have been classified as current or non-current based on the Company’s normal operating cycle for each of its businesses, as per the criteria set out in the Schedule III to the Act.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

(d) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management’s evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected.

Refer Note 3 for detailed discussion on estimates and judgments.

2.02 Property, plant and equipment

(a) Recognition and Measurement

All items of property, plant and equipment are initially measured at cost and subsequently it is measured at cost less accumulated depreciation and impairment losses, if any. Cost comprises of purchase price and all costs incurred to bring the assets to their current location and condition for its intended use. When significant parts of property, plant and equipment are required to be replaced at intervals, the Company recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Any subsequent cost incurred is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Capital work in progress comprises cost of property, plant and equipment (including related expenses), that are not yet ready for their intended use at the reporting date and it is carried at cost less accumulated impairment losses.

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and carrying amount of the assets and are recognised in the statement of profit and loss when the asset is derecognised.

Advances paid towards the acquisition outstanding at each balance sheet is classified as capital advances under other non-current assets.

(b) Depreciation methods, estimated useful lives

The Company depreciates property, plant and equipment over their estimated useful lives using the written down value method. The estimated useful lives of assets are as follows:

Property, plant and equipment	Useful Life
Leasehold improvement*	Lease period
Plant & Machinery	15 Years
Office Building	60 Years
Furniture and Fixtures	10 Years
Vehicles	8-10 Years
Electrical Installations	10 Years
Office Equipment	5 Years
Computers:	
- Servers	3 years
- End user devices such as, desktops, laptops etc.	3 years

* Leasehold improvements are amortized over the lease period, which corresponds with the useful lives of the assets.

Based on the technical experts assessment of useful life, certain items of property plant and equipment are being depreciated over useful lives different from the prescribed useful lives under Schedule II to the Companies Act, 2013, wherever applicable. Management believes that such estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The residual values are not more than 5% of the original cost of the asset.

Depreciation on addition to property, plant and equipment is provided on pro-rata basis from the date of available for use. Depreciation on sale/deduction from property plant and equipment is provided up to the date preceding the date of sale, derecognition as the case may be.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

2.03 Intangible Assets

Intangible assets are stated at acquisition cost, net of accumulated amortization.

(a) Computer software

Costs associated with maintaining software programmes are recognised as an expense incurred.

The Company amortized intangible assets over their estimated useful lives using the straight line method. The estimated useful lives of intangible assets are as follows:

Intangible assets	Useful life
Software and Licenses	5 Years

- (b) Intangible assets with finite lives are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period, the amortization method and residual value for an intangible asset with a finite useful life are reviewed at least at each financial year end.
- (c) An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

2.04 Foreign Currency Transactions

The functional currency of the Company is the Indian Rupee. The treatment of foreign currency transactions are as under:
Initial recognition

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or using rates that closely approximate the rate at the date of the transaction.

Measurement at the balance sheet date

Foreign currency monetary items of the Company, outstanding at the Balance Sheet date are translated at the rates prevailing on the reporting date. Non monetary items measured at historical cost/fair value, are translated using the exchange rate prevailing on the date of transaction/fair value measurement respectively.

Treatment of exchange differences

Exchange differences arising on transactions / translation of foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

2.05 Fair value measurement

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received on sell of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ▶ In the principal market for the asset or liability, or
- ▶ In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Company.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. The Company's management determines the policies and procedures for fair value measurement such as valuation of derivative instrument.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- ▶ Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

2.06 Taxes

(a) Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively

enacted, at the year/period end date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(b) Deferred tax

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.07 Revenue from Operations

Revenue is recognised when the Company transfers control of the promised services to the customer. The Company measures revenue, for the consideration to which the Company is expected to be entitled in exchange for transferring promised services. Revenue from restaurant and sweet shop sales (food and beverages) is recognised at the time of underlying sale to the customer. Sales are net of discounts and indirect taxes. Customer purchases of gift cards are recognized as sales upon redemption of gift card or upon expiry.

Royalty and management fee charged to franchisees for use of the trademarks is calculated as a percentage of monthly sales of the restaurant and accrued for in line with franchisee sales.

2.08 Other Income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Dividend income is accounted for when the right to receive it is established.

2.09 Assets classified as held for sale

The Company classifies non-current assets (or disposal group) as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use.

The criteria for "held for sale" classification is regarded met only when the assets is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned. The Company treats sale of the asset (or disposal group) to be highly probable when:

- ▶ The appropriate level of management is committed to a plan to sell the asset,
- ▶ An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- ▶ The asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- ▶ The sale is expected to qualify for recognition as a completed sale within one year from the date of classification , and
- ▶ Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale are measured at the lower of their carrying amount or fair value less costs to sell.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortized.

2.10 Inventories

(a) Basis of Valuation

Inventories other than scrap materials are valued at lower of cost and net realizable value. The comparison of cost and net realizable value is made on an item-by-item basis.

(b) Method of valuation

Cost of raw materials and traded goods are determined by using weighted average method and comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.11 Leases

The Company as a lessee

The Company's lease asset classes primarily consist of leases for Machinery, factory shed and land. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments)
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- amounts expected to be payable by the Company under residual value guarantees; and
- payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date
- any initial direct costs
- restoration costs

Where the rate implicit in lease is not readily available, an incremental borrowing rate is applied. This incremental rate reflects the rate of interest that the lessee would have to pay to borrow over a similar term, with similar security, funds necessary to obtain an asset of similar nature. Determination of incremental borrowing rate requires estimation.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.12 Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit or Loss.

(a) Financial assets

(i) Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value. In the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

(ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

(iii) Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in finance income using the effective interest rate method (EIR).

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for the financial instruments other than those financial assets classified as at FVTPL. Interest income is recognised in Statement of Profit or Loss and is included in the "Other income" line item.

(iv) Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

(v) Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets are included in other income.

(vi) Impairment of financial assets

A financial asset is regarded as credit impaired when one or more events that may have a detrimental effect on estimated future cash flows of the asset have occurred. The Company applies the expected credit loss model for recognising impairment loss on financial assets (i.e. the shortfall between the contractual cash flows that are due and all the cash flows (discounted) that the Company expects to receive).

(vii) Derecognition of financial assets

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

(b) Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

(ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

(iii) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

(iv) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

2.13 Impairment of non-financial assets

The Company assesses at each year end whether there is any objective evidence that a non financial asset or a group of non financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash in flows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

2.14 Provisions and contingent liabilities

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent liabilities are disclosed in the financial statements as notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

2.15 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit or loss for the year after any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.16 Employee Benefits

(a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet and are recognized in the Profit and Loss Account as an expense at the undiscounted amount on an accrual basis.

(b) Other long-term employee benefit obligations

(i) Defined contribution plan

Provident Fund: Contribution towards provident fund is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

Employee's State Insurance Scheme: Company's contribution to defined contribution plans such as Group Medclaim Insurance Policy, Employees' state insurance scheme, Labour welfare fund is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations. Said contributions are recognized in the Profit and Loss Account on an accrual basis.

(ii) Defined benefit plans

Gratuity: The Company provides for gratuity, a defined benefit plan (the 'Gratuity Plan') covering eligible employees in accordance with the Payment of Gratuity Act, 1972 through an independent professional entity. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the other comprehensive income in the year in which they arise.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

3 Material accounting judgments, estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the year end date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

(a) Taxes

Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Company neither have any has taxable temporary difference nor any tax planning opportunities available that could partly support the recognition of these losses as deferred tax assets. On this basis, the Company has determined that it cannot recognize deferred tax assets on the tax losses carried forward.

(b) Defined benefit plans (gratuity benefits)

The cost of the defined benefit plans such as gratuity are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each year end.

The principal assumptions are the discount and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis.

(c) Impairment of non-financial assets

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating units based on expected future cash flows and uses an interest rate to discount them.

(d) Going concern assumption

The books of accounts have been prepared on a going concern basis. Management believes that the Company will be able to continue as a 'going concern' in the foreseeable future from the date of this financial statement based on the following:

- i) Expected future operating cash flows based on business projections, and
- ii) Available credit facilities with its bankers.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

(e) Contingencies

In the normal course of business, contingent liabilities may arise from litigations and other claims against the Company. There are certain obligations which management have concluded based on all available facts and circumstances that are not probable of payment and such obligations are treated as contingent liabilities and disclosed in the notes (unless the probability of payment is remote) but are not provided for in the financial statements.

(f) Impairment of trade receivables

The Company estimates the probability of collection of accounts receivable by analyzing historical payment patterns, customer status, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required.

4 Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

35 Employee benefits

A Contribution to Defined Contribution Plan

The Company is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits. The only obligation of the company with respect to the retirement benefit plan is to make the specified contribution. The total expense recognised in the Statement of Profit and Loss represents contributions payable to these plans by the company at rates specified in the rules of the plans.

The Company has recognised the following amounts as expense in the Statement of Profit and Loss:

Particulars	31 March 2024	31 March 2023
Employer's Contribution towards Provident Fund (PF)	17.18	17.70
Employer's Contribution towards Employee State Insurance (ESI)	11.68	10.36
Labour welfare fund	0.12	0.11
	28.98	28.17

B Defined benefit plans - Gratuity payable to employees

The gratuity scheme is a defined benefit plan that provides for a lump sum payment to the employees on exit either by way of retirement, death, disability or voluntary withdrawal. Under the scheme, the employees are entitled to a lump sum amount aggregating to 15 days final basic salary for each year of completed service payable at the time of retirement/resignation, provided the employee has completed 5 years of continuous service. The defined benefit plan is administered by a third-party insurer. The third-party insurer is responsible for the investment policy with regards to the assets of the plan. The employees of the Company are assumed to retire at the age of 58 years.

(i) The plan exposes the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

Investment risk: The return on investments will impact the position of the defined benefit plan liability. If the return falls, net benefit obligation will increase the value of the liability.

Interest rate risk: The defined benefit obligation calculated uses a discount rate based on government bonds. All other aspects remaining same, if bond yields fall, the defined benefit obligation will increase the value of the liability.

Salary Inflation risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary in higher proportion of the plan participants will increase the plan's liability.

(ii) The disclosure as required under Ind AS 19 as per actuarial valuation regarding Employee Retirement Benefits Plan for Gratuity is as follows:

a) Actuarial assumptions

Particulars	31 March 2024	31 March 2023
Discount rate (per annum)	7.20%	7.30%
Expected rate of increase in Salary	4.50%	4.50%

Discount Rate: The discount rate is based on the prevailing market yields of Indian government securities as at the balance sheet date for the estimated term of the obligations.

Salary Escalation Rate: The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

b) Expense recognized in the Statement of Profit and Loss

Particulars	31 March 2024	31 March 2023
Current service cost	9.91	9.00
Past service cost	-	-
Net interest (Income)/ Expense	1.36	1.10
Total expenses recognized in the Statement Profit and Loss*	11.27	10.10

c) Remeasurement (gain)/ loss recognized in other comprehensive income

Particulars	31 March 2024	31 March 2023

g) The major categories of plan assets of the fair value of the total plan assets are as follows:

Particulars	31 March 2024	31 March 2023
Funds Managed by Insurer	100%	100%

h) Sensitivity analysis

Method used for sensitivity analysis:

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the defined benefit obligation results are particularly sensitive to are the discount rate and the future salary escalation rate. The following table summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 50 basis points.

Impact on defined benefit obligation

Particulars	31 March 2024	31 March 2023
Discount rate		
Impact of increase in 50 bps on defined benefit obligation	(2.70)	(3.60)
Impact of decrease in 50 bps on defined benefit obligation	2.91	3.87
Rate of increase in salary		
Impact of increase in 50 bps on defined benefit obligation	2.96	3.96
Impact of decrease in 50 bps on defined benefit obligation	(2.77)	(3.71)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

There is no change in the method of valuation for the prior periods in preparing the sensitivity analysis.

i) Maturity profile of defined benefit obligation

Particulars	31 March 2024	31 March 2023
Expected benefits for year 1	16.16	14.11
Expected benefits for year 2	6.79	6.32
Expected benefits for year 3	6.16	5.36
Expected benefits for year 4	6.39	4.94
Expected benefits for year 5	5.61	4.90
Expected benefits for year 6	4.91	4.18
Expected benefits for year 7	5.63	4.04
Expected benefits for year 8	5.36	4.65
Expected benefits for year 9	4.34	4.55
Expected benefits for year 10 and above	89.90	75.13

38 Financial Instruments

38.1 Capital management

The Group's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Group. The Group determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Group is not subject to any externally imposed capital requirements.

38.2 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

31 March 2024

Notes:

- The above Investments excludes investments in subsidiaries and joint venture amounting to INR 116.56 million (31 March 2023: INR 116.56 million).
- The carrying amount of cash and cash equivalents, trade receivables, loans, bank balance other than covered in cash and cash equivalents, other financial assets (except security deposits), trade payables and other financial liabilities approximate the fair value due to short term nature of these financial instruments.
- The amortized cost using effective interest rate (EIR) of other financial assets consisting of security deposits and lease liabilities are not significantly different from the carrying amount.
- Financial assets that are neither past due nor impaired include cash and cash equivalents, trade receivables, loans, bank balance other than covered in cash and cash equivalents, other financial assets.
- The cost of investment in government securities included in Level 3 of fair value hierarchy approximate their fair value because there is a wide range of possible fair value measurements and the cost represents estimate of fair value within that range.

38.3 Financial risk management objectives and policies

The Group's principal financial liabilities, comprise trade and other payables. The main purpose of these financial liabilities is to support its operations. The Group's principal financial assets include trade and other receivables and cash and short-term deposits that are derived directly from its operations. Current investments are optimal deployment of excess funds.

The Group's activities expose it to a variety of financial risks: credit risk, liquidity risk, market risk (including foreign currency risk). The Group's Board of Directors reviews and sets out policies for managing these risks and monitors suitable actions taken by management to minimize potential adverse effects of such risks on the Group's operational and financial performance.

(a) Liquidity Risk

The Group's principal sources of liquidity are cash and cash equivalents, cash flow generated from operations and by churning of current investments. The Group does not have any borrowing outstanding as at the year end. The Group believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

The following tables detail the Group's remaining contractual maturity for its financial liabilities with agreed repayment periods. The table has been drawn up based on the undiscounted cash flows of the financial liabilities based on the earliest date on which the Group can be required to pay:

Particulars	Less than 1 Year	1 to 5 years	More than 5 years	Total
31 March 2024				
Lease Liability	420.10	1,110.49	416.48	1,947.07

Other financial liabilities	133.16	-	-	133.16
	796.59	899.91	477.43	2,173.93

(b) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk arises principally from the Company's receivables from deposits with landlords and other statutory deposits with regulatory agencies and also arises from cash held with banks and financial institutions. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The Company limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and retaining sufficient balances in bank accounts required to meet a month's operational costs. The Management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts. The Company does a proper financial and credibility check on the landlords before taking any property on lease and hasn't had a single instance of non-refund of security deposit on vacating the leased property. The Company also in some cases ensure that the notice period rentals are adjusted against the security deposits and only differential, if any, is paid out thereby further mitigating the non-realization risk. The Company does not foresee any credit risks on deposits with regulatory authorities.

Trade and other receivables: The Company's business is predominantly through cash and credit card collections. The credit risk on credit card collections is minimal, since they are primarily owned by customers' card issuing banks. The Company has adopted a policy of dealing with only credit worthy counterparties in case of franchisees and the credit risk exposure for them is managed by the Company by credit worthiness checks. The Company also carries credit risk on lease deposits with landlords for restaurant properties taken on leases, for which agreements are signed and property possessions timely taken for restaurant operations. The risk relating to refunds after vacating or restaurant shut down is minimal since the possession of the premises is retained till the refund is collected or there are liabilities outstanding against which the asset can be adjusted.

Financial instruments and cash deposits: The Company's treasury, in accordance with the board approved policy, maintains its cash and cash equivalents, deposits and investment in mutual funds and enters into derivative financial instruments - with banks, financial and other institutions, having good reputation and past track record, and high credit rating. Similarly, counter-parties of the Company's other receivables carry either no or very minimal credit risk. Further, the Company reviews the credit-worthiness of the counter-parties (on the basis of its ratings, credit spreads and financial strength) of all the above assets on an ongoing basis, and if required, takes necessary mitigation measures.

(c) Market Risk

The Company is exposed to market risks associated with foreign currency rates and commodity prices.

Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies. Consequently, exposures to exchange rate fluctuations arise. The exchange gains or losses are recognised in Statement of Profit or Loss on the date of settlement and restatement at quarterly intervals.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

Particulars	Currency	31 March 2024			31 March 2023		
		Foreign currency	Exchange rate	INR	Foreign currency	Exchange rate	INR

	GBP*	0.00	105.29	0.30	0.10	101.89	10.31

* These figures are below rounding off norms.

Note: As a result, if the value of the Indian Rupee appreciates relative to these foreign currencies, the Company's revenues measured in Indian Rupees will decrease. The exchange rate between the Indian Rupee and these foreign currencies has changed substantially in recent periods and may continue to fluctuate substantially in the future. Due to lesser quantum of revenue and expenses from foreign currencies, the Company is not significantly exposed to foreign currency risk.

Foreign Currency Sensitivity:

5% appreciation / depreciation of the respective functional currency of the Company with respect to various foreign currencies would result in increase / decrease in the company's profit before taxes by approximately INR 0.18 million for the year ended 31 March 2024 (31 March 2023: INR 0.65 million). The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives and embedded derivatives. The Company's exposure to foreign currency changes for all other currencies is not material.

Price Risk :

Commodity

The Company purchases certain products, including meat, cheese, vegetables and other commodities which are subject to price volatility that is caused by weather, market conditions and other factors that are not considered predictable or within the Company's control. The Company's supplies and raw materials are available from several sources, and not dependent upon any single source for these items. If any existing suppliers fail or are unable to deliver in quantities required by the Company, the Company believes that there are sufficient other quality suppliers in the marketplace such that the Company sources of supply can be replaced as necessary.

Investments

The Company invests its surplus funds in various mutual funds (debt fund, equity fund, liquid schemes and income funds etc.), corporate bonds and Infrastructure Investment trust (InvIT). In order to manage its price risk arising from investments, the Company diversifies its portfolio in accordance with the limits set by the risk management policies. 1% appreciation / depreciation of the respective financial instruments held by Company would result in increase / decrease in the company's profit before taxes by approximately INR 16.97 million for the year ended 31 March 2024 (31 March 2023: INR 16.46 million).

39 Segment reporting

The principal business of the Group is operating casual dining restaurants outlets and confectionary outlets. All other activities of the Group revolve around its principal business. The Chairman & Managing Director (CMD) of the Company, has been identified as the Chief Operating Decision Maker (CODM). The CODM evaluates the Group's performance, allocates resources based on analysis of the various performance indicators of the Group as a single unit. Therefore, the management has concluded that there is only one operating reportable segment as defined by Ind AS 108 - Operating Segments. The Group predominantly operates in one geography, i.e., India.

Speciality Restaurants Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Speciality restaurants Limited (the "Holding Company") and its subsidiaries, (Holding Company and its subsidiaries together referred to as the "Group"), which includes the Group's share of profit in its joint ventures, which comprise the Consolidated Balance Sheet as at March 31, 2024, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of separate financial information of the subsidiaries and joint ventures of the Group certified by the management, referred to in the Other Matters section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its joint ventures as at March 31, 2024, and their consolidated loss and other comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its joint ventures in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with these ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us, including those procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key audit matters	How our audit addressed the Key audit matter
Revenue recognition - Refer Note 28 to the consolidated financial statements	
<p>The Group recognizes revenue when the control of goods being sold is transferred to the customer.</p> <p>The Group's revenue relates to restaurant and confectionary sales and services to customers.</p> <p>Due to high level of transaction across various units, situated across India and outside, there exists a risk of misstatement of the timing and amount of revenue recognized to achieve specific performance targets or expectations.</p> <p>The Group also has franchisee arrangements and revenue share arrangements for royalty/ fee based on sales.</p> <p>The Group and its external stakeholders focus on revenue as a key performance indicator, which could lead to recognition of revenue without meeting the revenue recognition criterion.</p> <p>In view of the above we have identified revenue recognition as a key audit matter.</p>	<p>We have carried out following audit procedure:</p> <ul style="list-style-type: none"> Assessed the appropriateness of the accounting policy for revenue recognition as per the relevant accounting standards. Evaluated the design and implementation of key internal financial controls and their operating effectiveness with respect to revenue recognition transactions selected on a sample basis. Performed substantive testing of sales by selecting samples of sales made at certain restaurants using statistical sampling and tested the underlying documentation including kitchen order tickets (KoT). Reviewed the reconciliation of revenue recorded for the year with collections through cash, credit card and aggregators, as applicable to confirm that revenue recorded is supported by collections. Perused selected samples of key contracts with aggregators and franchisees to understand the terms and conditions particularly relating to revenue share, royalty & fee payments. Evaluated whether the disclosures included in the notes to the consolidated financial statements are in conformity with the applicable standard.
Ind AS 116 Leases (Refer Note 6 and Note 36 to the Consolidated Financial Statements)	
<p>Ind AS 116 has had a significant impact on the reported assets, liabilities and the income statement of the Group. Impact of the Ind AS 116 transition is reliant upon a number of key estimates, determining the appropriate discount rates and determination of Short-Term Leases or Leases with variable terms, which are not considered.</p> <p>There is a risk that the lease data which is used in the calculation of Ind AS 116 transition calculation is incomplete or inaccurate.</p> <p>In view of the above, this is considered as a key audit matter.</p>	<p>We have carried out following audit procedure</p> <ul style="list-style-type: none"> Assessed the design and implementation of the key controls relating to the determination of the Ind AS 116 transition impact disclosure. We read a sample of contracts to assess whether leases have been appropriately identified agreed the inputs used in the quantification to the lease agreements the discount rate applied and performed computation checks. Assessed the accuracy of the lease data by testing the lease data captured by Management for a sample of leases through the inspection of lease documentations. Tested the completeness of the lease data by reconciling the Group's existing lease commitments to the lease data used in the Ind AS 116. Verification of the data for recognition of lease liability, right of use assets, depreciation and interest. Evaluated whether the disclosures included in the notes to the consolidated financial statements are in conformity with the applicable standard.

Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information, compare with the financial information of the subsidiaries and joint ventures certified by the management, to the extent it relates to these entities and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the financial information provided by the management, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Managements and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group including its joint ventures in accordance with the Indian Accounting Standards (Ind AS) specified under section 133 of the Act and other accounting principles generally accepted in India. The respective Management and Board of Directors of the companies included in the Group and its joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its joint ventures and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group and its joint ventures are responsible for assessing the ability of the Group and its joint ventures to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the Company or cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and its joint ventures are also responsible for overseeing the financial reporting process of the Group and its joint ventures.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion on internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group and its joint ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the consolidated financial statements of which we are the independent auditor. The financial information of other entities, included in the Consolidated Financial Results have not been audited and these unaudited financial statements have been approved and furnished by the Management. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statement for the financial year ended March 31, 2024 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The accompanying consolidated financial statements include unaudited financial statements and other unaudited financial information in respect of four subsidiaries, whose financial statements and other financial information reflect total assets of Rs 266.00 million as at March 31, 2024, and total revenues of Rs 116.00 million and net cash inflows of Rs 65.20 million for the year ended on that date. These unaudited financial statements and other unaudited financial information have been furnished to us by the management. The consolidated financial statements also include the Group's share of net profit of Rs. 9.50 million for the year ended March 31, 2024, as considered in the consolidated financial statements, in respect of three joint ventures, whose financial statements, other financial information have not been audited and whose unaudited financial statements, other unaudited financial information have been furnished to us by the Management. Our opinion, in so far as it relates amounts and disclosures included in respect of these subsidiaries and joint ventures, and our report in terms of sub-sections (3) of Section 143 of the Act in so far as it relates to the aforesaid subsidiaries and joint ventures, is based solely on such unaudited financial statements and other unaudited financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements and other financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our Report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to the financial statements and other financial information certified by the management.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we report that, the financial statements of the subsidiaries and joint ventures were not audited hence matters specified in paragraphs 3 and 4 of the Order, is not applicable.

 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidation of the financial statements have been kept so far as it appears from our examination of those books.
 - c. The consolidated balance sheet, the consolidated statement of profit and loss (including Other Comprehensive Income), the consolidated cash flows statement and consolidated statement of changes in equity dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act, read with Companies (Indian accounting Standards) Rules, 2015, as amended.
 - e. On the basis of the written representations received from the directors of the Holding Company and in respect of one subsidiary, incorporated in India as on March 31, 2024 taken on record by the Board of Directors of the Holding Company and its subsidiary, incorporated in India, none of the directors of the Holding Company and its subsidiary, incorporated in India are disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164(2) of the Act.

- f. With respect to the adequacy of the internal financial controls with reference to consolidated financial statements of the Holding Company and its subsidiary company, incorporated in India, and the operating effectiveness of such controls, refer to our separate Report in “Annexure A” to this report.
- g. With respect to the matter to be included in the Auditors’ Report under Section 197(16) of the Act, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act read with Schedule V to the Act.
- h. With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the information of the subsidiaries and joint ventures provided by the management, as noted in ‘other matters’ paragraph:
- i. The Group has disclosed the impact of pending litigations as at March 31, 2024 on its financial position in its consolidated financial statements – Refer Note 40 to the consolidated financial statements.
- ii. The Group and its joint ventures did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

(Refer Note 45 (j) of consolidated financial statements)
- (c) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (a) and (b) above, contain any material mis-statement.
- v. The final dividend paid by the Holding Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.
- Further as stated in note 47 to the consolidated financial statements, the Board of Directors of the Holding Company, has proposed dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend proposed is in accordance with section 123 of the Act, as applicable.
- vi. Based on our examination which included test checks, the Holding Company and subsidiary incorporated in India has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with.

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls over financial reporting of Speciality Restaurants Limited (the “Company”) as at March 31, 2024 in conjunction with our audit of the consolidated financial statements of the Holding Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Holding Company’s management and the Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Holding Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as “the Act”).

Auditor’s Responsibility

Our responsibility is to express an opinion on the Holding Company’s internal financial controls with reference to consolidated financial statements of the Holding Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal financial controls over financial reporting and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company’s internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls over financial reporting with reference to consolidated financial statements

A Holding Company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Holding company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Holding company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Holding company are being made only in accordance with authorisations of management and directors of the Holding company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Holding company’s assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In conjunction with our audit of the consolidated financial statements of the Holding Company as at and for the year ended March 31, 2024, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company.

In our opinion, the Holding company have, in all material respects, an adequate internal financial controls system with reference to consolidated financial statements and such internal financial controls were operating effectively as at March 31, 2024, based on the internal consolidated financial controls over financial reporting with reference to consolidated financial statements criteria established by such Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

The internal financial controls with reference to financial statements insofar as it relates to one subsidiary company, which is a company incorporated in India and included in these consolidated financial statements, have not been audited either by us or by other auditors. In our opinion and according to the information and explanations given to us by the Management, such unaudited subsidiary company are not material to the Holding Company.

Our opinion is not modified in respect of this matter.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

1 General Information

Speciality Restaurants Limited ("The Holding Company") is a public limited company incorporated in India. The Holding Company was incorporated on 01 December 1999. The Company and its subsidiaries (hereinafter mentioned as "The Group") are primarily engaged in the business of operating casual dining restaurants outlets and confectionary outlets. The registered office of the Holding company is situated at "Uniworth House", 3A Gurusaday Road, Kolkata, West Bengal, India, 700019".

The consolidated financial statements were approved for issue in accordance with a resolution of the board of directors on 14 May 2024.

2 Material Accounting Policy Information

2.01 Basis of Preparation of Financial Statements

(a) Statement of Compliance with Ind AS

The Financial statements as at and for the year ended 31 March 2024 have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the "Ind AS") as notified by the Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016, as amended.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The financial statements provide comparative information in respect of the previous period.

The financial statements are presented in Indian Rupee (INR) and all values are rounded to the nearest million (INR 000,000), except when otherwise indicated.

(b) Basis of measurement

The financial statements have been prepared on a historical cost convention on accrual basis, except for certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments) that have been measured at fair value or revalued as required by relevant Ind AS at the end of each financial reporting period, as stated in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given on the date of the transaction, in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

(c) Classification between Current and Non-current

All assets and liabilities have been classified as current or non-current based on the Group's normal operating cycle for each of its businesses, as per the criteria set out in the Schedule III to the Act.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

(d) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of

the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected.

Refer Note 3 for detailed discussion on estimates and judgments.

(e) Consolidation of Financial Statements

The consolidated financial statements incorporate the financial statements of the Holding Company and the entities controlled by the Holding Company. Control is achieved when the Holding Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Holding Company reassess whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Holding Company obtains control over the subsidiary and ceases when the Holding Company loses control of the subsidiary. Specifically, income and expense of the subsidiary acquired or disposed of during the year are included in the consolidated Statement of Profit and Loss from the date the Holding Company gains control until the date when the Holding Company ceases to control the subsidiary.

The financial statements of the Group and the Joint Venture Company used in the consolidation are drawn up to the same reporting date as that of the Holding Company i.e., 31 March 2024. When necessary, adjustments are made to the financial statements of the Subsidiaries and the Joint Venture Company to bring their accounting policies into line with the Group’s accounting policies. The financial statements of the Subsidiaries are consolidated on a line-by-line basis and intra-group balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation.

Investment in Joint Venture

A Joint Venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The Group’s investment in a joint venture is accounted for by the Equity Method. On initial recognition the investment is recorded at cost, and the carrying amount is increased or decreased to recognize the Group’s share of profit or loss and other comprehensive income of the joint venture after the date of acquisition. Distributions received from the joint venture reduce the carrying amount of the investment. When the Group’s share of losses of a joint venture exceeds the Group’s interest in that joint venture (which includes any long-term interests that, in substance, form part of the Group’s net investment in that joint venture), the Group discontinues recognising its share of further losses. Additional losses are however recognised to the extent that the Group has incurred legal or constructive obligations on behalf of that joint venture. The carrying amount of the investment is tested for impairment at each reporting date.

Following entities have been considered in the preparation of the consolidated financial statements:

Name of entity	Relationship	Country of Incorporation	% of Holding power either directly or indirectly	
			31 March 2024	31 March 2023

2.02 Property, plant and equipment

(a) Recognition and Measurement

All items of property, plant and equipment are initially measured at cost and subsequently it is measured at cost less accumulated depreciation and impairment losses, if any. Cost comprises of purchase price and all costs incurred to bring the assets to their current location and condition for its intended use. When significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Any subsequent cost incurred is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in statement of profit and loss as incurred.

Capital work in progress comprises cost of property, plant and equipment (including related expenses), that are not yet ready for their intended use at the reporting date and it is carried at cost less accumulated impairment losses.

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and carrying amount of the assets and are recognised in the statement of profit and loss when the asset is derecognised.

Advances paid towards the acquisition outstanding at each balance sheet is classified as capital advances under other non-current assets.

(b) Depreciation methods, estimated useful lives

The Group depreciates property, plant and equipment over their estimated useful lives using the written down value method. The estimated useful lives of assets are as follows:

Property, plant and equipment	Useful Life
Leasehold improvement*	Lease period
Plant & Machinery	15 Years
Office Building	60 Years
Furniture and Fixtures	10 Years
Vehicles	8-10 Years
Electrical Installations	10 Years
Office Equipment	5 Years
Computers:	
-Servers	3 years
-End user devices such as, desktops, laptops etc.	3 years

* Leasehold improvements are amortized over the lease period, which corresponds with the useful lives of the assets.

Based on the technical experts assessment of useful life, certain items of property plant and equipment are being depreciated over useful lives different from the prescribed useful lives under Schedule II to the Companies Act, 2013, wherever applicable. Management believes that such estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used. The residual values are not more than 5% of the original cost of the asset.

Depreciation on addition to property, plant and equipment is provided on pro-rata basis from the date of available for use. Depreciation on sale/deduction from property plant and equipment is provided up to the date preceding the date of sale, derecognition as the case may be.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

2.03 Intangible Assets

Intangible assets are stated at acquisition cost, net of accumulated amortization.

(a) Computer software

Costs associated with maintaining software programmes are recognised as an expense incurred.

The Group amortized intangible assets over their estimated useful lives using the straight line method. The estimated useful lives of intangible assets are as follows:

Intangible assets	Useful life
Software and Licenses	5 Years

- (b) Intangible assets with finite lives are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period, the amortization method and residual value for an intangible asset with a finite useful life are reviewed at least at each financial year end.
- (c) An intangible asset is derecognised upon disposal (i.e., at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising upon derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

2.04 Foreign Currency Transactions

The functional currency of the Group is the Indian Rupee. The treatment of foreign currency transactions are as under:

Initial recognition

Transactions in foreign currencies entered into by the Group are accounted at the exchange rates prevailing on the date of the transaction or using rates that closely approximate the rate at the date of the transaction.

Measurement at the balance sheet date

Foreign currency monetary items of the Group, outstanding at the Balance Sheet date are translated at the rates prevailing on the reporting date. Non monetary items measured at historical cost/fair value, are translated using the exchange rate prevailing on the date of transaction/fair value measurement respectively.

Treatment of exchange differences

Exchange differences arising on transactions / translation of foreign currency monetary assets and liabilities of the Group are recognised as income or expense in the Statement of Profit and Loss.

2.05 Fair value measurement

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received on sell of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ▶ In the principal market for the asset or liability, or
- ▶ In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Group.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. The Group's management determines the policies and procedures for fair value measurement such as valuation of derivative instrument.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ▶ Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

2.06 Taxes

(a) Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the year/period end date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

(b) Deferred tax

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.07 Revenue from Operations

Revenue is recognised when the Group transfers control of the promised services to the customer. The Group measures revenue, for the consideration to which the Group is expected to be entitled in exchange for transferring promised services. Revenue from restaurant and sweet shop sales (food and beverages) is recognised at the time of underlying sale to the customer. Sales are net of discounts and indirect taxes. Customer purchases of gift cards are recognized as sales upon redemption of gift card or upon expiry.

Royalty and management fee charged to franchisees for use of the trademarks is calculated as a percentage of monthly sales of the restaurant and accrued for in line with franchisee sales.

2.08 Other Income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition. Dividend income is accounted for when the right to receive it is established.

2.09 Assets classified as held for sale

The Group classifies non-current assets (or disposal group) as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use.

The criteria for "held for sale" classification is regarded met only when the assets is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned. The Group treats sale of the asset (or disposal group) to be highly probable when:

- ▶ The appropriate level of management is committed to a plan to sell the asset,
- ▶ An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- ▶ The asset is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- ▶ The sale is expected to qualify for recognition as a completed sale within one year from the date of classification , and
- ▶ Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

Non-current assets held for sale are measured at the lower of their carrying amount or fair value less costs to sell.

Property, plant and equipment and intangible assets once classified as held for sale are not depreciated or amortized.

2.10 Inventories

(a) Basis of Valuation

Inventories other than scrap materials are valued at lower of cost and net realizable value. The comparison of cost and net realizable value is made on an item-by-item basis.

(b) Method of Valuation:

Cost of raw materials and traded goods are determined by using weighted average method and comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from tax authorities) and all other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.11 Impairment of non-financial assets

The Group assesses at each year end whether there is any objective evidence that a non financial asset or a group of non financial assets is impaired. If any such indication exists, the Group estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Group considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash in flows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

2.12 Leases

The Group as a lessee

The Group's lease asset classes primarily consist of leases for Machinery, factory shed and land. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (i) the contract involves the use of an identified asset (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments)
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- amounts expected to be payable by the Group under residual value guarantees; and
- payments of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date
- any initial direct costs
- restoration costs

Where the rate implicit in lease is not readily available, an incremental borrowing rate is applied. This incremental rate reflects the rate of interest that the lessee would have to pay to borrow over a similar term, with similar security, funds necessary to obtain an asset of similar nature. Determination of incremental borrowing rate requires estimation.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Group is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.13 Provisions and contingent liabilities

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent liabilities are disclosed in the financial statements as notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

2.14 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Group's earnings per share is the net profit or loss for the year after deducting any attributable tax thereto for the year. The weighted average number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.15 Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss (FVTPL)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in Statement of Profit or Loss.

(a) Financial assets

(i) Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value. In the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

(ii) Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

(iii) Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in finance income using the effective interest rate method (EIR).

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for the financial instruments other than those financial assets classified as at FVTPL. Interest income is recognised in Statement of Profit or Loss and is included in the "Other income" line item.

(iv) Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

(v) Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets are included in other income.

(vi) Impairment of financial assets

A financial asset is regarded as credit impaired when one or more events that may have a detrimental effect on estimated future cash flows of the asset have occurred. The Group applies the expected credit loss model for recognising impairment loss on financial assets (i.e. the shortfall between the contractual cash flows that are due and all the cash flows (discounted) that the Group expects to receive).

(vii) Derecognition of financial assets

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

(b) Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

(ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

(iii) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

(iv) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

2.16 Employee Benefits

(a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet and are recognized in the Profit and Loss Account as an expense at the undiscounted amount on an accrual basis.

(b) Other long-term employee benefit obligations

(i) Defined contribution plan

Provident Fund: Contribution towards provident fund is made to the regulatory authorities, where the Group has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Group does not carry any further obligations, apart from the contributions made on a monthly basis which are charged to the Statement of Profit and Loss.

Employee's State Insurance Scheme: Group's contribution to defined contribution plans such as Group Mediclaim Insurance Policy, Employees' state insurance scheme, Labour welfare fund is made to the regulatory authorities, where the Group has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Group does not carry any further obligations. Said contributions are recognized in the Profit and Loss Account on an accrual basis.

(ii) Defined benefit plans

Gratuity: The Group provides for gratuity, a defined benefit plan (the 'Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972 through an independent professional entity. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary. The Group's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the other comprehensive income in the year in which they arise.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss. Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

3 Material accounting judgments, estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the year end date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(a) Taxes

Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Group neither have any has taxable temporary difference nor any tax planning opportunities available that could partly support the recognition of these losses as deferred tax assets. On this basis, the Group has determined that it cannot recognize deferred tax assets on the tax losses carried forward.

(b) Defined benefit plans (gratuity benefits)

The cost of the defined benefit plans such as gratuity are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each year end.

The principal assumptions are the discount and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis.

(c) Impairment of non-financial assets

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating units based on expected future cash flows and uses an interest rate to discount them.

(d) Going concern assumption

The books of accounts have been prepared on a going concern basis. Management believes that the Group will be able to continue as a 'going concern' in the foreseeable future from the date of this financial statement based on the following:

- i) Expected future operating cash flows based on business projections, and
- ii) Available credit facilities with its bankers.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

(e) Contingencies

In the normal course of business, contingent liabilities may arise from litigations and other claims against the Group. There are certain obligations which management have concluded based on all available facts and circumstances that are not probable of payment and such obligations are treated as contingent liabilities and disclosed in the notes (unless the probability of payment is remote) but are not provided for in the financial statements.

(f) Impairment of trade receivables

The Group estimates the probability of collection of accounts receivable by analyzing historical payment patterns, customer status, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required.

4 Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Group.

38 Employee benefits

A Contribution to Defined Contribution Plan

The Group is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits. The only obligation of the Group with respect to the retirement benefit plan is to make the specified contribution. The total expense recognised in the Statement of Profit and Loss represents contributions payable to these plans by the Group at rates specified in the rules of the plans.

The Group has recognised the following amounts as expense in the Statement of Profit and Loss:

Particulars	31 March 2024	31 March 2023
Employer's Contribution towards Provident Fund (PF)	17.18	17.70

Labour welfare fund	0.12	0.11
	28.98	28.17

B Defined benefit plans - Gratuity payable to employees

The gratuity scheme is a defined benefit plan that provides for a lump sum payment to the employees on exit either by way of retirement, death, disability or voluntary withdrawal. Under the scheme, the employees are entitled to a lump sum amount aggregating to 15 days final basic salary for each year of completed service payable at the time of retirement/resignation, provided the employee has completed 5 years of continuous service. The defined benefit plan is administered by a third-party insurer. The third-party insurer is responsible for the investment policy with regards to the assets of the plan. The employees of the Group are assumed to retire at the age of 58 years.

(i) The plan exposes the Group to actuarial risks such as: investment risk, interest rate risk and salary risk.

Investment risk: The return on investments will impact the position of the defined benefit plan liability. If the return falls, net benefit obligation will increase the value of the liability.

Interest rate risk: The defined benefit obligation calculated uses a discount rate based on government bonds. All other aspects remaining same, if bond yields fall, the defined benefit obligation will increase the value of the liability.

Salary Inflation risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary in higher proportion of the plan participants will increase the plan's liability.

(ii) The disclosure as required under Ind AS 19 as per actuarial valuation regarding Employee Retirement Benefits Plan for Gratuity is as follows:

a) Actuarial assumptions

Particulars	31 March 2024	31 March 2023
Discount rate (per annum)	7.20%	7.30%
Expected rate of increase in Salary	4.50%	4.50%

Discount Rate: The discount rate is based on the prevailing market yields of Indian government securities as at the balance sheet date for the estimated term of the obligations.

Salary Escalation Rate: The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.

b) Expense recognized in the Statement of Profit and Loss

Particulars	31 March 2024	31 March 2023
Funds Managed by Insurer	100%	100%

h) Sensitivity analysis

Method used for sensitivity analysis:

Gratuity is a lump sum plan and the cost of providing these benefits is typically less sensitive to small changes in demographic assumptions. The key actuarial assumptions to which the defined benefit obligation results are particularly sensitive to are the discount rate and the future salary escalation rate. The following table summarizes the impact on the reported defined benefit obligation at the end of the reporting period arising on account of an increase or decrease in the reported assumption by 50 basis points.

Impact on defined benefit obligation

Particulars	31 March 2024	31 March 2023
Discount rate		
Impact of increase in 50 bps on defined benefit obligation	(2.70)	(3.60)
Impact of decrease in 50 bps on defined benefit obligation	2.91	3.87
Rate of increase in salary		
Impact of increase in 50 bps on defined benefit obligation	2.96	3.96
Impact of decrease in 50 bps on defined benefit obligation	(2.77)	(3.71)

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

There is no change in the method of valuation for the prior periods in preparing the sensitivity analysis.

i) Maturity profile of defined benefit obligation

Particulars	31 March 2024	31 March 2023

41 Segment reporting

The principal business of the Group is operating casual dining restaurants outlets and confectionary outlets. All other activities of the Group revolve around its principal business. The Chairman & Managing Director (CMD) of the Group, has been identified as the Chief Operating Decision Maker (CODM). The CODM evaluates the Group's performance, allocates resources based on analysis of the various performance indicators of the Group as a single unit. Therefore, directors have concluded that there is only one operating reportable segment as defined by Ind AS 108 - Operating Segments. The Group predominantly operates in one geography, i.e., India.

42 Financial Instruments

42.1 Capital management

The Group's objective for capital management is to maximise shareholder value, safeguard business continuity and support the growth of the Group. The Group determines the capital requirement based on annual operating plans and long-term and other strategic investment plans. The funding requirements are met through equity and operating cash flows generated. The Group is not subject to any externally imposed capital requirements.

42.2 Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

31 March 2024

Particulars	Carrying Amount / Amortised Cost	Quoted prices in active markets (Level 1)	Significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Fair Value

Notes:

- The above Investments excludes investments in subsidiaries and joint venture amounting to INR 116.56 million (31 March 2023: INR 116.56 million).
- The carrying amount of cash and cash equivalents, trade receivables, loans, bank balance other than covered in cash and cash equivalents, other financial assets (except security deposits), trade payables and other financial liabilities approximate the fair value due to short term nature of these financial instruments.
- The amortized cost using effective interest rate (EIR) of other financial assets consisting of security deposits and lease liabilities are not significantly different from the carrying amount.
- Financial assets that are neither past due nor impaired include cash and cash equivalents, trade receivables, loans, bank balance other than covered in cash and cash equivalents, other financial assets.
- The cost of investment in government securities included in Level 3 of fair value hierarchy approximate their fair value because there is a wide range of possible fair value measurements and the cost represents estimate of fair value within that range.

42.3 Financial risk management objectives and policies

The Company's principal financial liabilities, comprise trade and other payables. The main purpose of these financial liabilities is to support its operations. The Company's principal financial assets include trade and other receivables and cash and short-term deposits that are derived directly from its operations. Current investments are optimal deployment of excess funds.

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk, market risk (including foreign currency risk). The Company's Board of Directors reviews and sets out policies for managing these risks and monitors suitable actions taken by management to minimize potential adverse effects of such risks on the company's operational and financial performance.

(a) Liquidity Risk

The Company's principal sources of liquidity are cash and cash equivalents, cash flow generated from operations and by churning of current investments. The Company does not have any borrowing outstanding as at the year end. The Company believes that the working capital is sufficient to meet its current requirements. Accordingly, no liquidity risk is perceived.

The following tables detail the Company's remaining contractual maturity for its financial liabilities with agreed repayment periods. The table has been drawn up based on the undiscounted cash flows of the financial liabilities based on the earliest date on which the Company can be required to pay:

Particulars	Less than 1 Year	3 to 5 years	More than 5 years	Total
31 March 2024				
Lease Liability	420.10	1,110.49	416.48	1,947.07
Trade payables	281.62	-	-	281.62
Other financial liabilities	164.78	0.20	-	164.98
	866.50	1,110.69	416.48	2,393.67
31 March 2023				
Lease Liability	343.77	899.91	477.43	1,721.11
Trade payables	319.92	-	-	319.92
Other financial liabilities	133.16	-	-	133.16
	796.85	899.91	477.43	2,174.19

(b) Credit Risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Credit risk arises principally from the Group's receivables from deposits with landlords and other statutory deposits with regulatory agencies and also arises from cash held with banks and financial institutions. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Group assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

The Group limits its exposure to credit risk of cash held with banks by dealing with highly rated banks and institutions and retaining sufficient balances in bank accounts required to meet a month's operational costs. The Management reviews the bank accounts on regular basis and fund drawdowns are planned to ensure that there is minimal surplus cash in bank accounts. The Group does a proper financial and credibility check on the landlords before taking any property on lease and hasn't had a single instance of non-refund of security deposit on vacating the leased property. The Group also in some cases ensure that the notice period rentals are adjusted against the security deposits and only differential, if any, is paid out thereby further mitigating the non-realization risk. The Group does not foresee any credit risks on deposits with regulatory authorities.

Trade and other receivables: The Group's business is predominantly through cash and credit card collections. The credit risk on credit card collections is minimal, since they are primarily owned by customers' card issuing banks. The Group has adopted a policy of dealing with only credit worthy counterparties in case of franchisees and the credit risk exposure for them is managed by the Group by credit worthiness checks. The Group also carries credit risk on lease deposits with landlords for restaurant properties taken on leases, for which agreements are signed and property possessions timely taken for restaurant operations. The risk relating to refunds after vacating or restaurant shut down is minimal since the possession of the premises is retained till the refund is collected or there are liabilities outstanding against which the asset can be adjusted.

Financial instruments and cash deposits: The Group's treasury, in accordance with the board approved policy, maintains its cash and cash equivalents, deposits and investment in mutual funds and enters into derivative financial instruments - with banks, financial and other institutions, having good reputation and past track record, and high credit rating. Similarly, counter-parties of the Group's other receivables carry either no or very minimal credit risk. Further, the Group reviews the credit-worthiness of the counter-parties (on the basis of its ratings, credit spreads and financial strength) of all the above assets on an ongoing basis, and if required, takes necessary mitigation measures.

(c) Market Risk

The Group is exposed to market risks associated with foreign currency rates and commodity prices.

Foreign currency risk management

The Group undertakes transactions denominated in foreign currencies. Consequently, exposures to exchange rate fluctuations arise. The exchange gains or losses are recognised in Statement of Profit or Loss on the date of settlement and restatement at quarterly intervals.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows.

Particulars	Currency	31 March 2024			31 March 2023		
		Foreign currency	Exchange rate	INR	Foreign currency	Exchange rate	INR
Assets							
Trade Receivables	USD	0.04	83.37	3.63	0.04	82.19	3.64
Reimbursement of Expenses	GBP*	0.00	105.29	0.30	0.10	101.89	10.31

	AED	0.01	22.57	0.13	-	-	-
Net Exposure	USD	0.04	83.37	3.45	0.03	82.19	2.75
	AED	(0.01)	22.57	(0.13)	-	-	-
	GBP*	0.00	105.29	0.30	0.10	101.89	10.31

* These figures are below rounding off norms.

Note: As a result, if the value of the Indian Rupee appreciates relative to these foreign currencies, the Group's revenues measured in Indian Rupees will decrease. The exchange rate between the Indian Rupee and these foreign currencies has changed substantially in recent periods and may continue to fluctuate substantially in the future. Due to lesser quantum of revenue and expenses from foreign currencies, the Group is not significantly exposed to foreign currency risk.

Foreign Currency Sensitivity:

5% appreciation / depreciation of the respective functional currency of the Group with respect to various foreign currencies would result in increase / decrease in the Group's profit before taxes by approximately INR 0.18 million for the year ended 31 March 2024 (31 March 2023: INR 0.65 million). The impact on the Group's profit before tax is due to changes in the fair value of monetary assets and liabilities including non-designated foreign currency derivatives and embedded derivatives. The Group's exposure to foreign currency changes for all other currencies is not material.

Price Risk:

Commodity

The Group purchases certain products, including meat, cheese, vegetables and other commodities which are subject to price volatility that is caused by weather, market conditions and other factors that are not considered predictable or within the Group's control. The Group's supplies and raw materials are available from several sources, and not dependent upon any single source for these items. If any existing suppliers fail or are unable to deliver in quantities required by the Group, the Group believes that there are sufficient other quality suppliers in the marketplace such that the Group sources of supply can be replaced as necessary.

Investments

The Group invests its surplus funds in various mutual funds (debt fund, equity fund, liquid schemes and income funds etc.), corporate bonds and Infrastructure Investment trust (InvIT). In order to manage its price risk arising from investments, the Group diversifies its portfolio in accordance with the limits set by the risk management policies. 1% appreciation / depreciation of the respective financial instruments held by Group would result in increase / decrease in the Group's profit before taxes by approximately INR 16.97 million for the year ended 31 March 2024 (31 March 2023: INR 16.46 million).
