

Speciality Restaurants Limited
Earnings Presentation for Q4FY24

Overview

We have successfully put the pandemic behind us and achieved the eleventh consecutive quarter of sustained profitable growth.

We continue to dominate with our market leadership in the Pan-Asian cuisine segment. Our USP is the presence of our brands in multiple formats ranging from Fine Dining, Casual Dining, Resto Bar, Cloud kitchens and Confectioneries. We will continue to build on our expertise and also keep innovating with newer formats to cater to the evolving palate of consumers.

We continue our focus on controlling the costs and enhancing our value proposition for our guests. Recognising the convenience and importance of home delivery to customers, our focus on providing last mile delivery continues. It remains a significant proportion of our total revenue. Despite the convenience of home delivery, we are happy to report that dine-in sales are also on an upswing.

We have plans to expand by opening new outlets of Asian Cuisine and dominate the space by upgrading existing Mainland China and Asia Kitchen by Mainland China restaurants as a brand refresh exercise to further improve upon the same store sales growth. Together with Asian Cuisine restaurants we have also planned expansion with new outlets of Episode One (wet-led format) which is one of our most profitable brand.

Given that our versatile brand portfolio enjoys a strong recall and customer loyalty, we hope to further strengthen our brand presence in the minds of our customers by continuing to focus on giving every diner the perfect guest experience and making them feel special.
